phew, that was a lot of images

my art ain't the best but eh

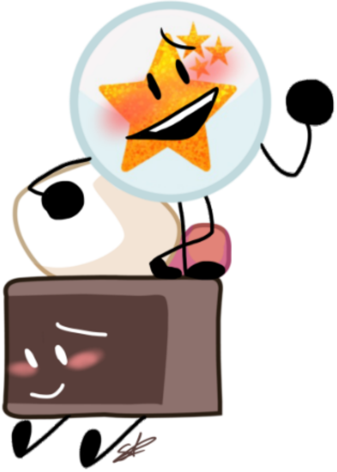
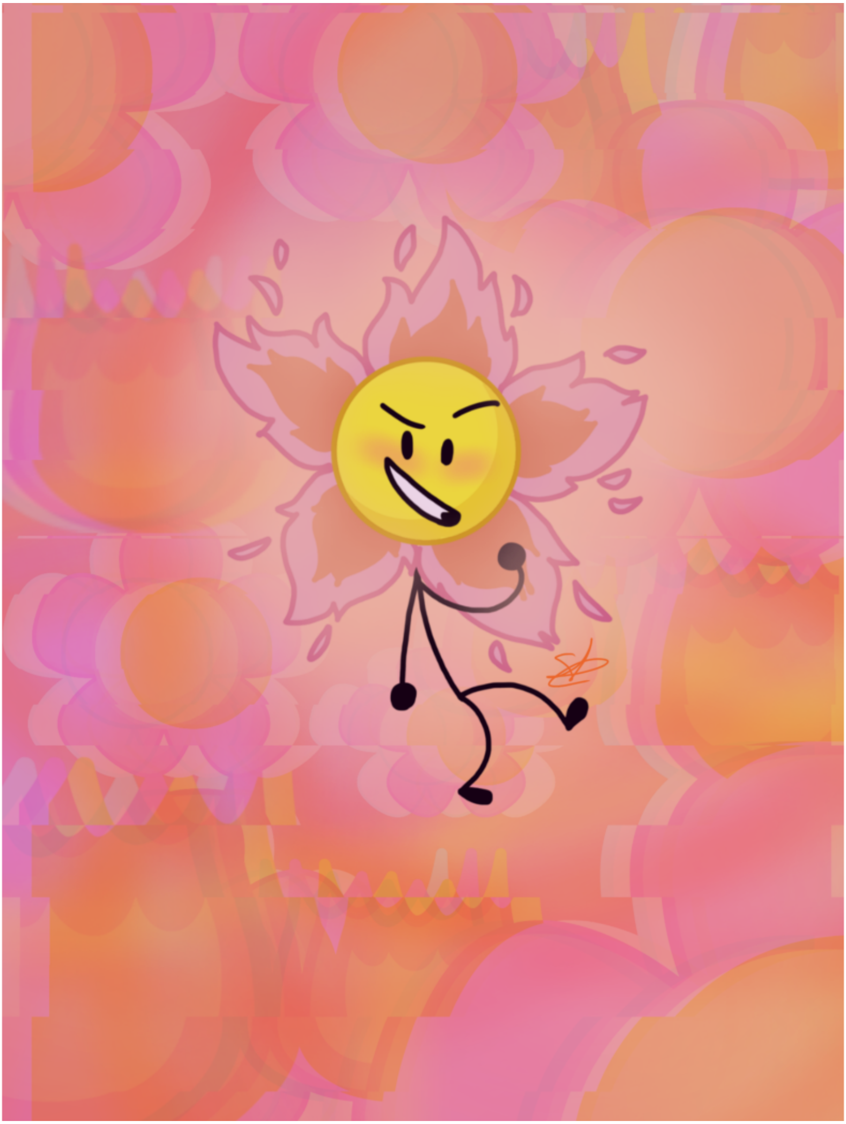
Sticake<3

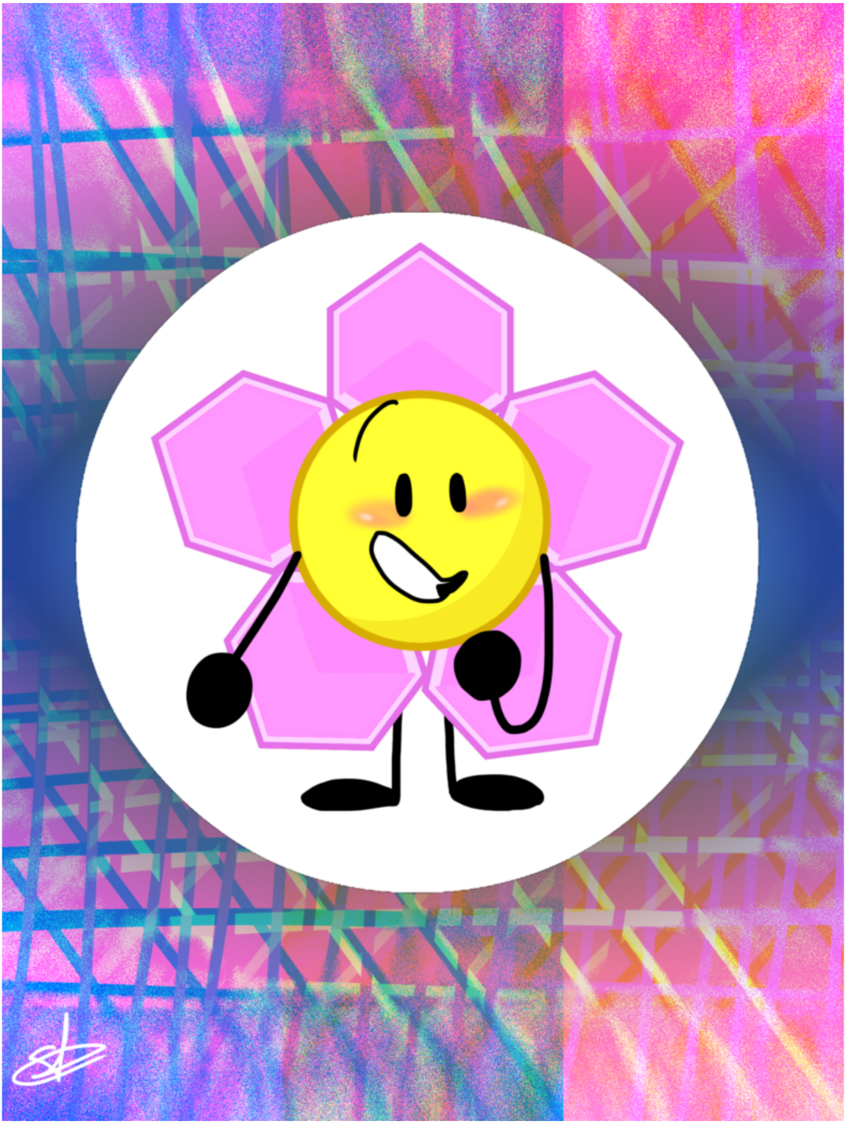


contest entries

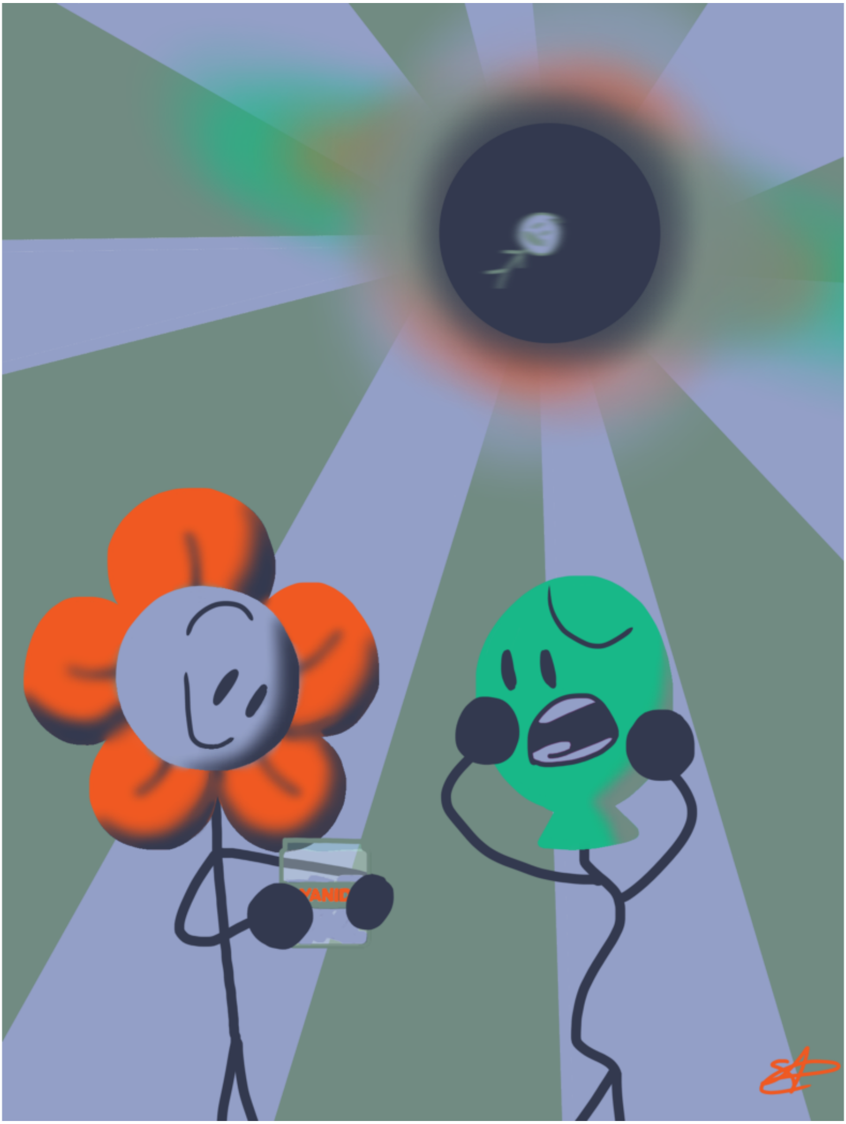
firey jr and flower fusion for a fusion contest



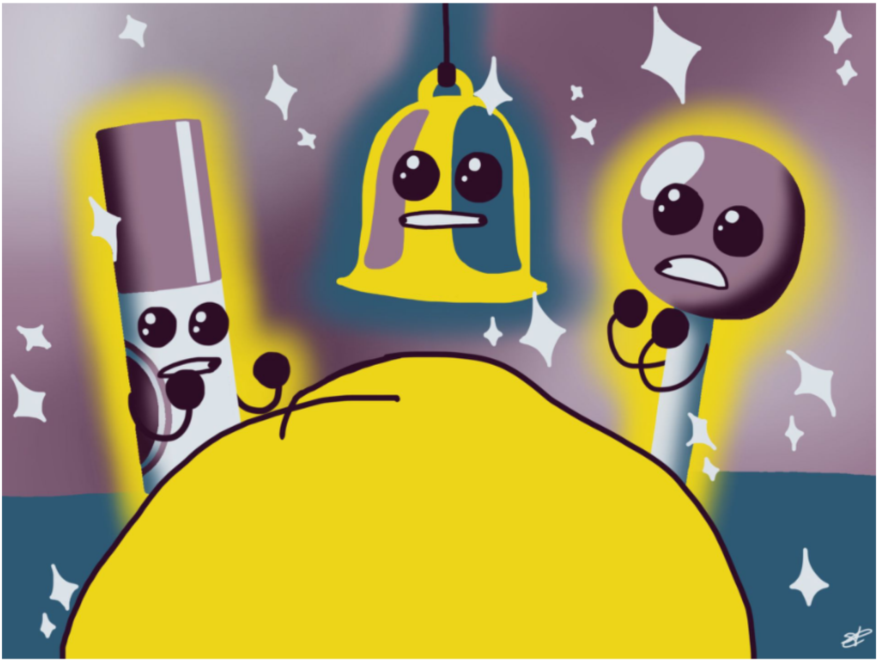
flower and loser fusion for another fusion contest
the contestants are given a rule when doing their contest entry and mine was that i couldn't use loser's colors



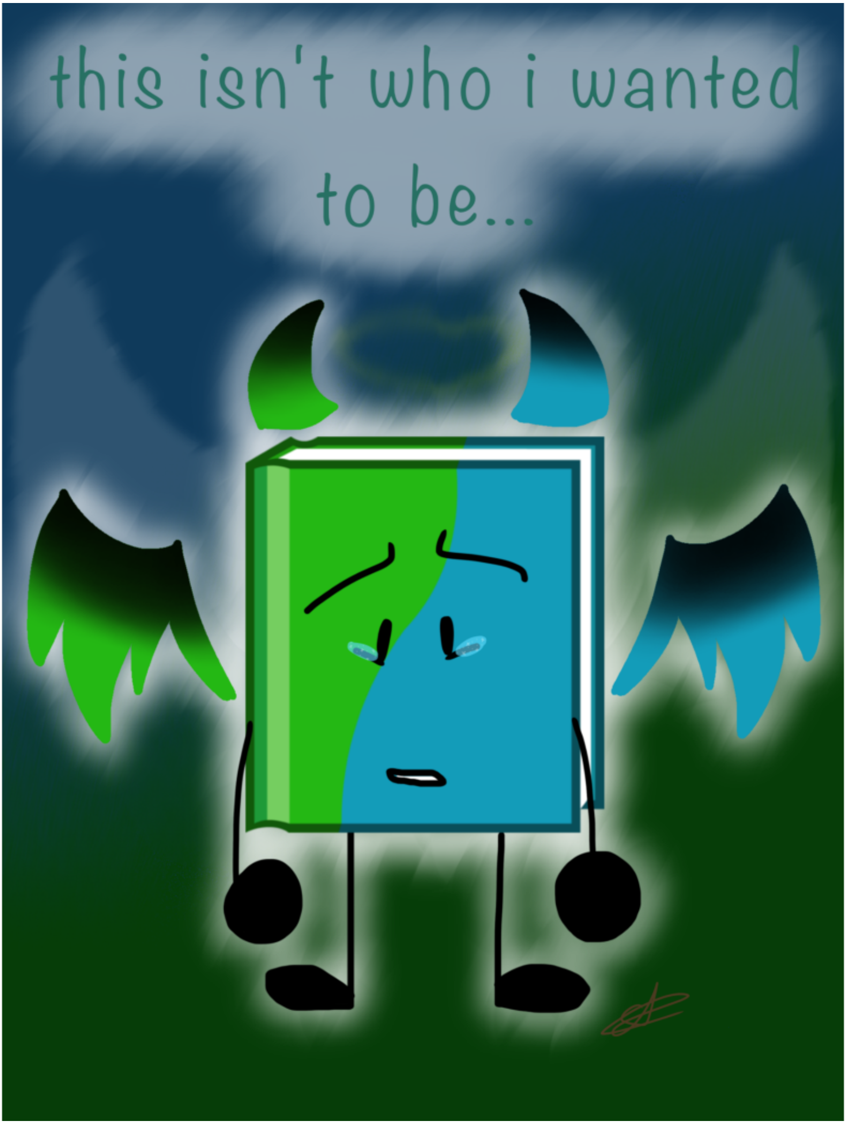
a color pallet challenge
i decided to redraw that scene in bfb 1 when flower almost destroys the world



this is for the same contest as above
we were allowed to make more than one so i redrew that scene where bell, lollipop, and marker are obsessed over hearing an ad from yellowface



book bb no :(



this isn't who i wanted to be...

i had random inspiration to draw her so there she is uhuhugygyugyu

i need to draw more.
but uh there is something okay bye

i love you in morse code (tengolf)

i made the video above!

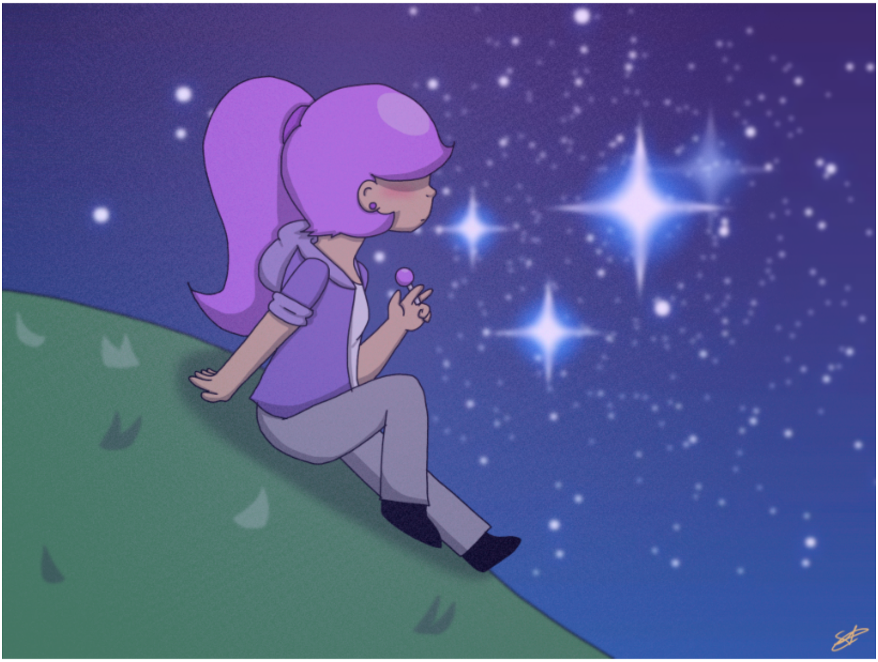
this took me two days :>
i'm so proud of it deijnerfjnifrenjierfnji

tengolf rules
am i right or am i right, people?

also, for anyone who can't see it up there then here's the link: https://youtu.be/Nvt6Hr8wFxY
you'll have to copy and paste it though-

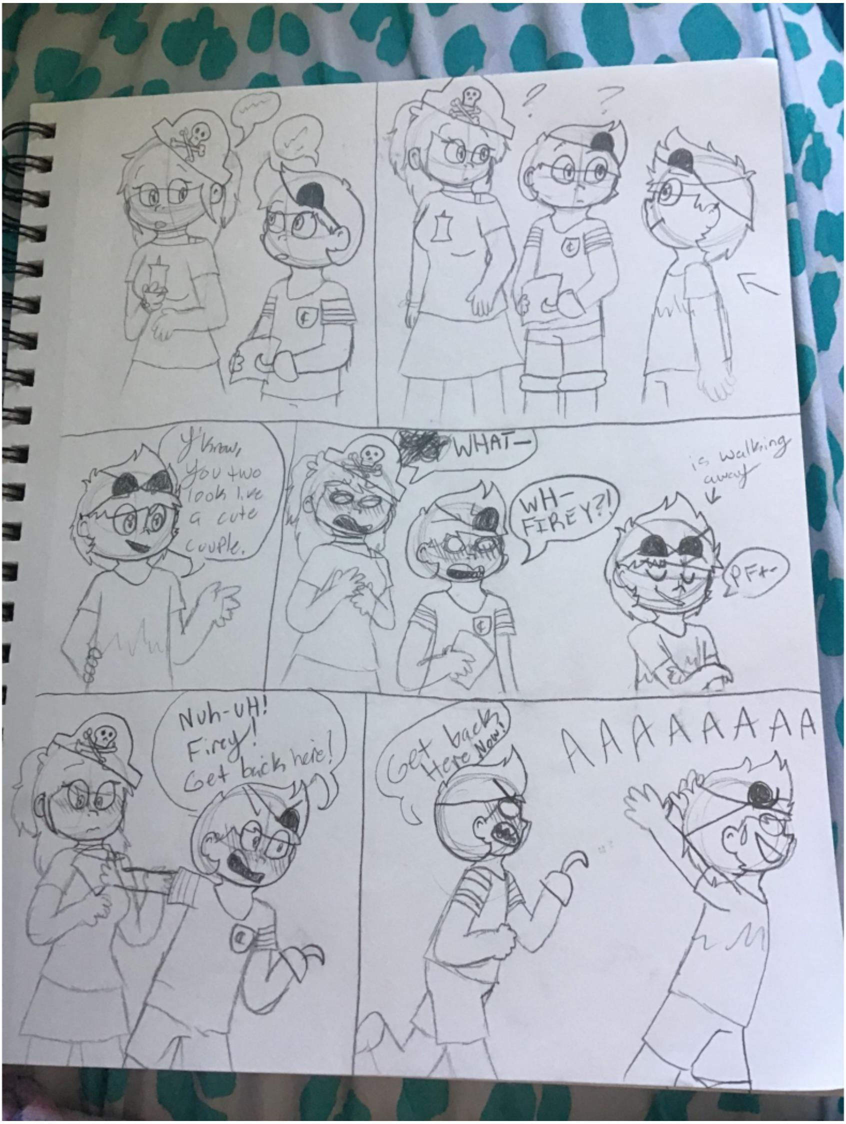
lolli in the dark

i just gave this a random name but yes i drew lolli on a hill at night bc i saw a drawing my friend made of her oc on a hill at night and took inspiration from it
don't worry mine looks totally different from how she drew it



i know the anatomy is kinda bad along with the shading but wbihabhisbihdibh

firey gets killed



? ?
Y'know, you two look like a cute couple.
WHAT—
WH- FIREY?!
is walking away
PF+-
Nuh-UH! Firey! Get back here!
Get back Here Now!
AAAAAAAA

i made a little human version of that one moment in my coinpin fic because at the art club i'm in we had to make a comic about something and i didn't know what to do so i just did that.
also i can't anatomy.

also also speaking of the fic i'm dying bc i cant writ e. i'll try to get another chapter out by monday

blackhole edits

this isn't really art but i do have a bunch of screenshots of blackhole but i gave him a face and arms because i got bored

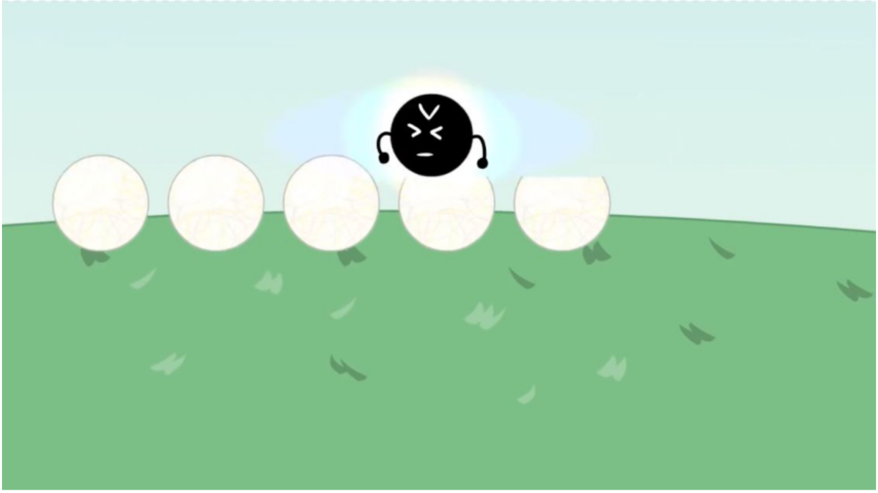
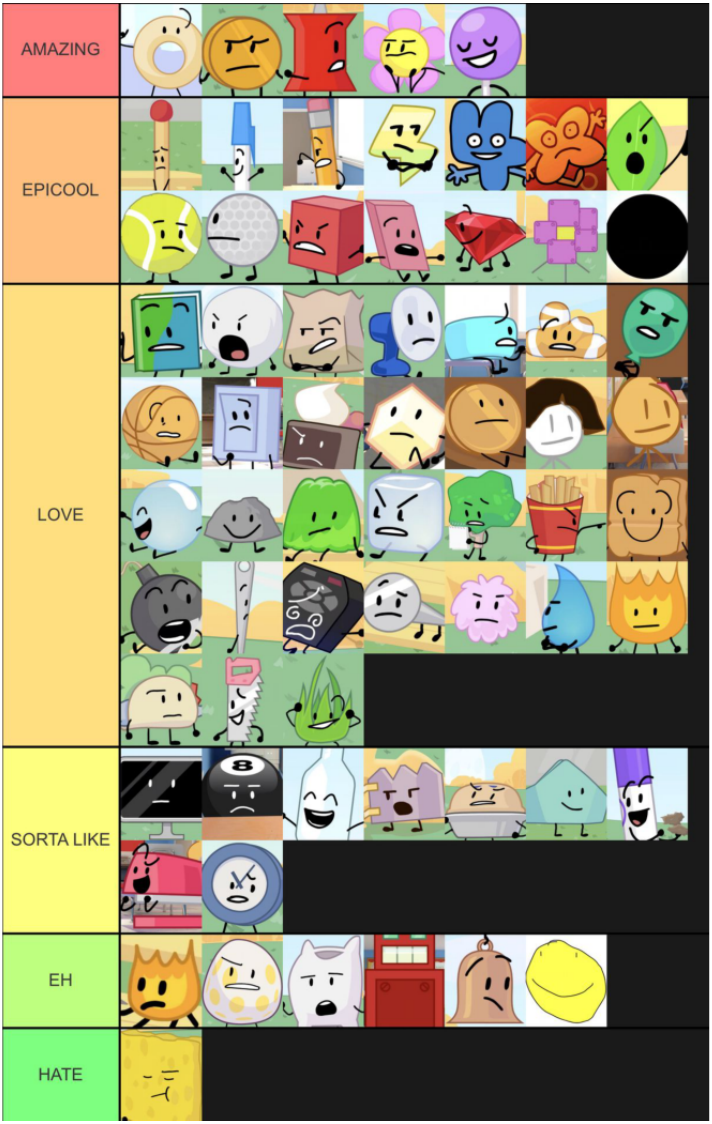
DEATH
P.A.C.T.



okay i feel proud about how believable some of these look :)

tier list drawings

i made a tier list and decided to make drawings of the characters in the certain parts of the tier list i assigned them as
here is my tier list

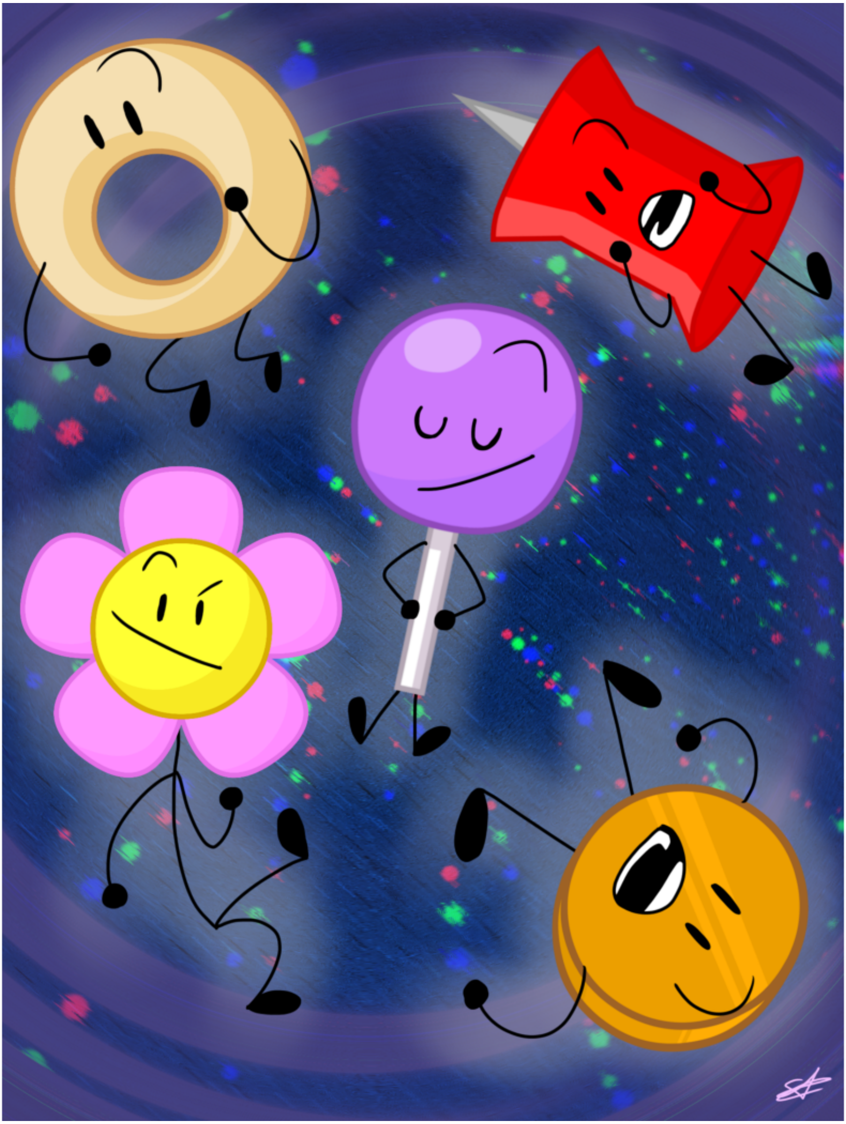


AMAZING
EPICOOL
LOVE
SORTA LIKE
EH
HATE

also they're all in space bc yeah why not 👀

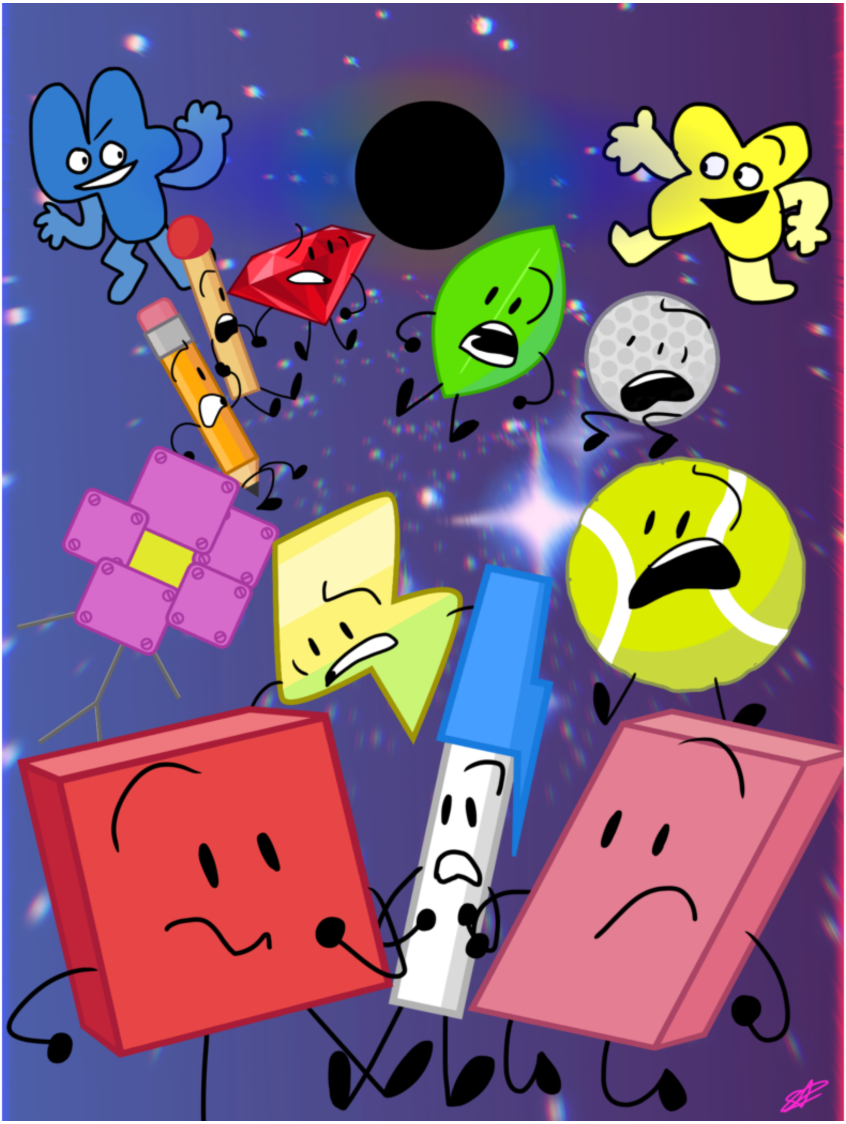
AMAZING:

EPICOOL:

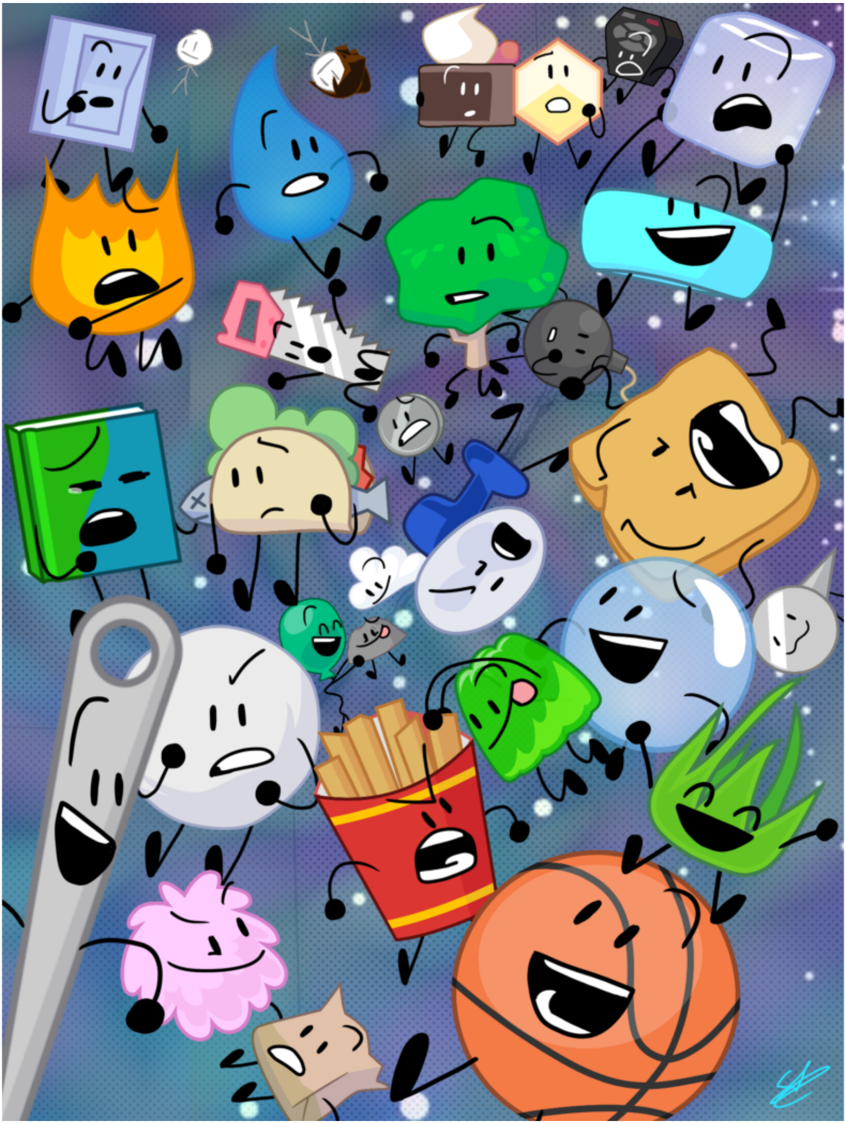


EPICOOL:

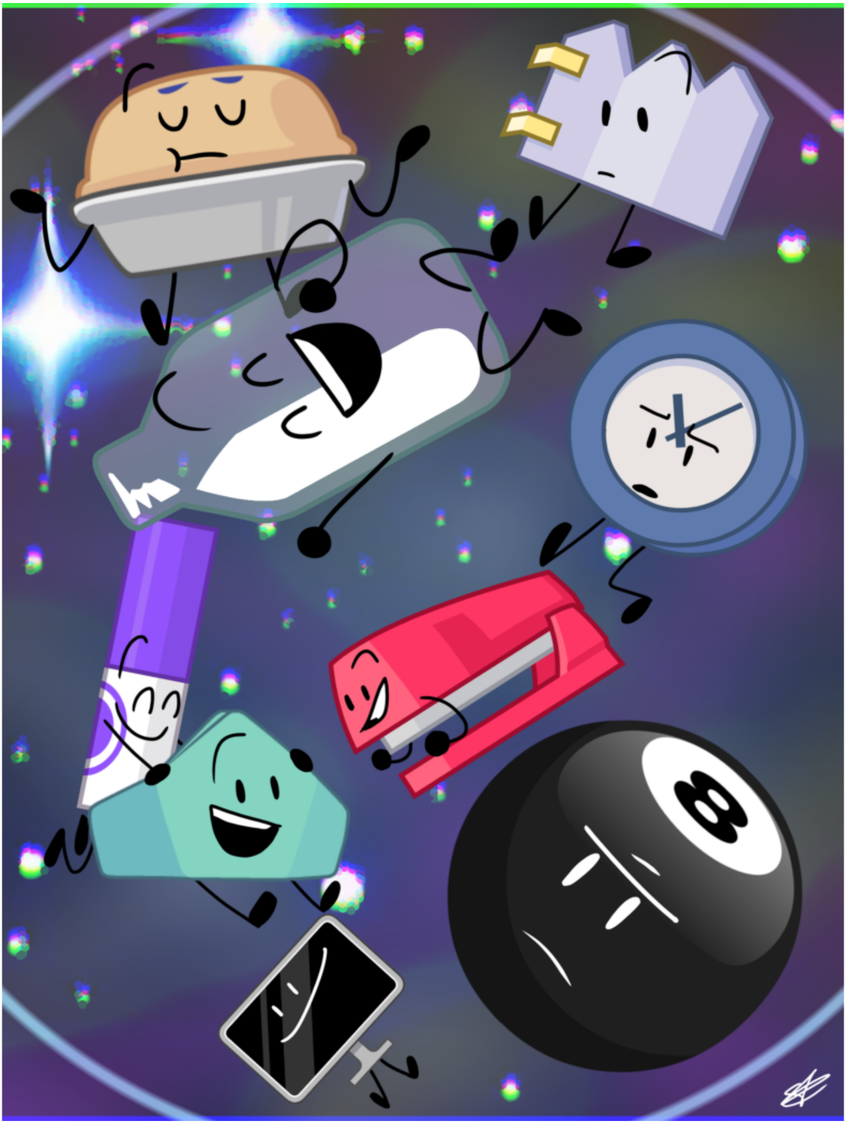
LOVE (dang that's a lot):



LOVE (dang that's a lot):



SORTA LIKE:



i made an image for eh but it won't load for some reason i'll post it separately i guess?

some other time though bc i'm tired and want to sleep

i didn't do hate bc spongy is the only one on there also i hate him why would i draw him

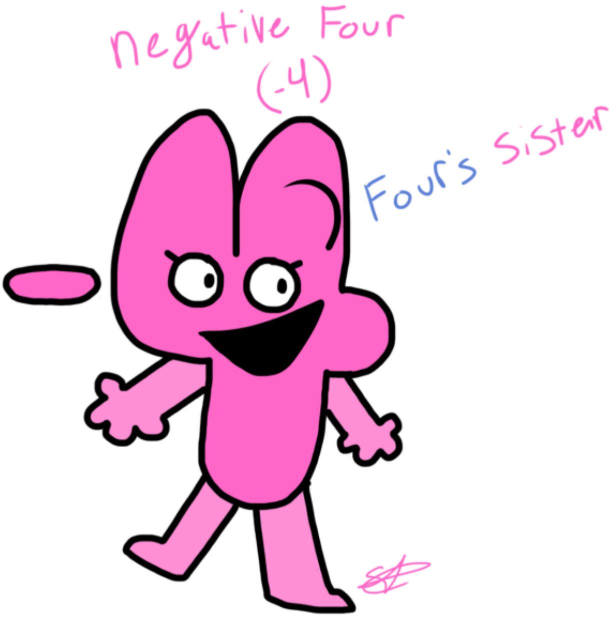
my favorite out of all of these has got to be epicool idk why but it looks so
epicool to me

:))

four's younger sister

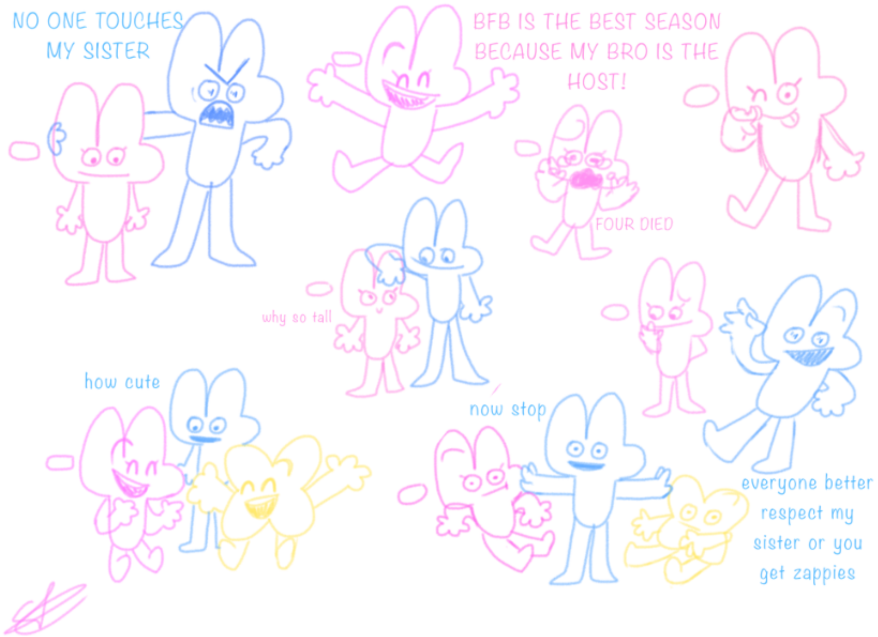
i got bored one day and decided to make a number oc
i didn't know what number i should choose
and i decided why the heck not give four a sister

so here is negative four! or -4
she acts like the complete opposite of four
well maybe not COMPLETE opposite but she's mostly different
but yes she can be chaotic too



Negative Four
(-4)
Four's Sister

also have some doodles for the bab



NO ONE TOUCHES MY SISTER
BFB IS THE BEST SEASON BECAUSE MY BRO IS THE HOST!
FOUR DIED
why so tall
how cute
now stop
everyone better respect my sister or you get zappies

now i didn't really know how to make fours relationship with negs i decided to make him like an overprotective brother but he can also be mean to her like older siblings are

also i'd like to point out that they aren't ACTUALLY siblings
i made up the idea that numbers who are the same number is some way as each other that they kinda adopt each other as family

it's just how it works for where the numbers live in my book

so every single number has some kind of sibling
except zero :(

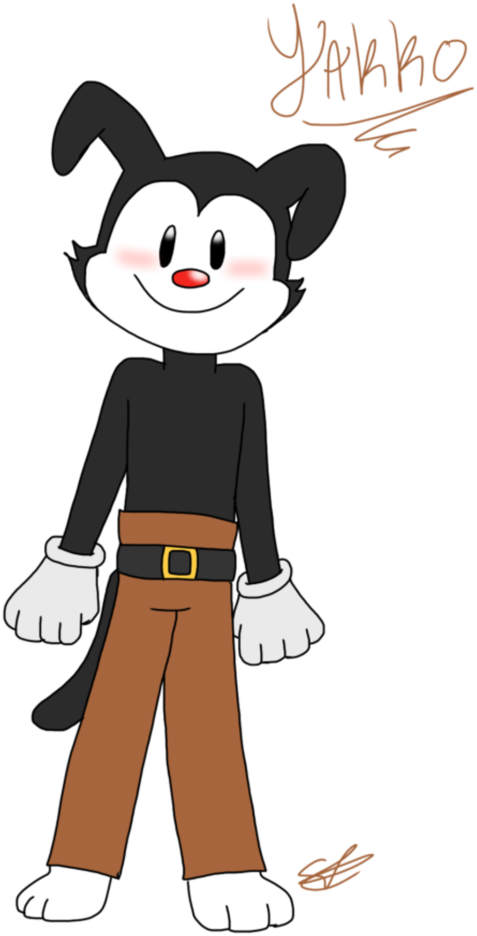
also fyi -4 and x do not see each other as anything other than friends
i had someone think they had a crush and was like
"four doesn't want his sister to steal his man"
that's not what's happening it's just a little funny thing i made up and put there aug

okay thanks for reading and expect another chapter of this very soon bc i have more art

yakko drawing + some screenshots bc i love him

i for real love animaniacs and yakko is my favorite he s just AUAUHB

also hey look it's not a bfb drawing gasp

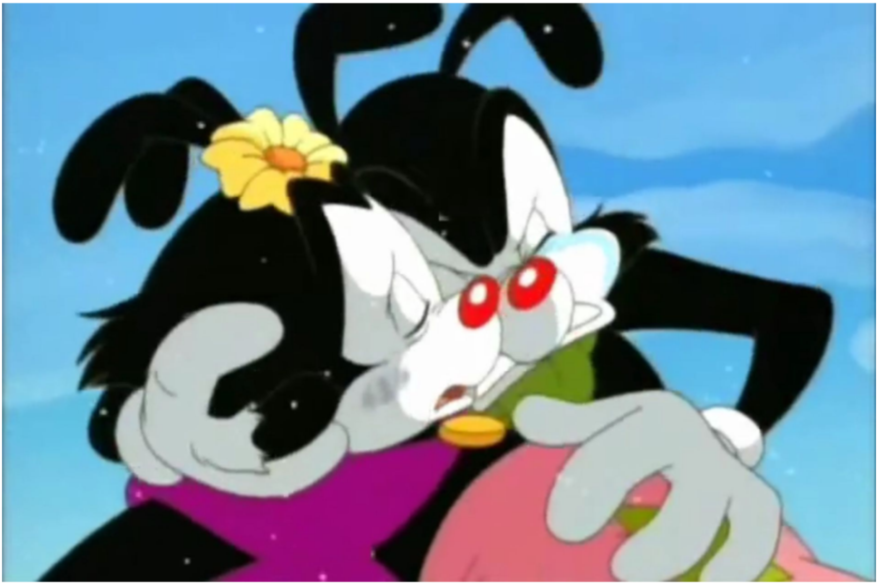


it's not the best drawing but snahbshbshbzhb

also have low quality screenshots of my baby being a good big brother and just a good person in general bc he's the best

NE

TOTAL
CAN



i saved the sad ones for last bc they're my favorite for some twisted reason
probably bc he's never cried before and this hit me in the heart

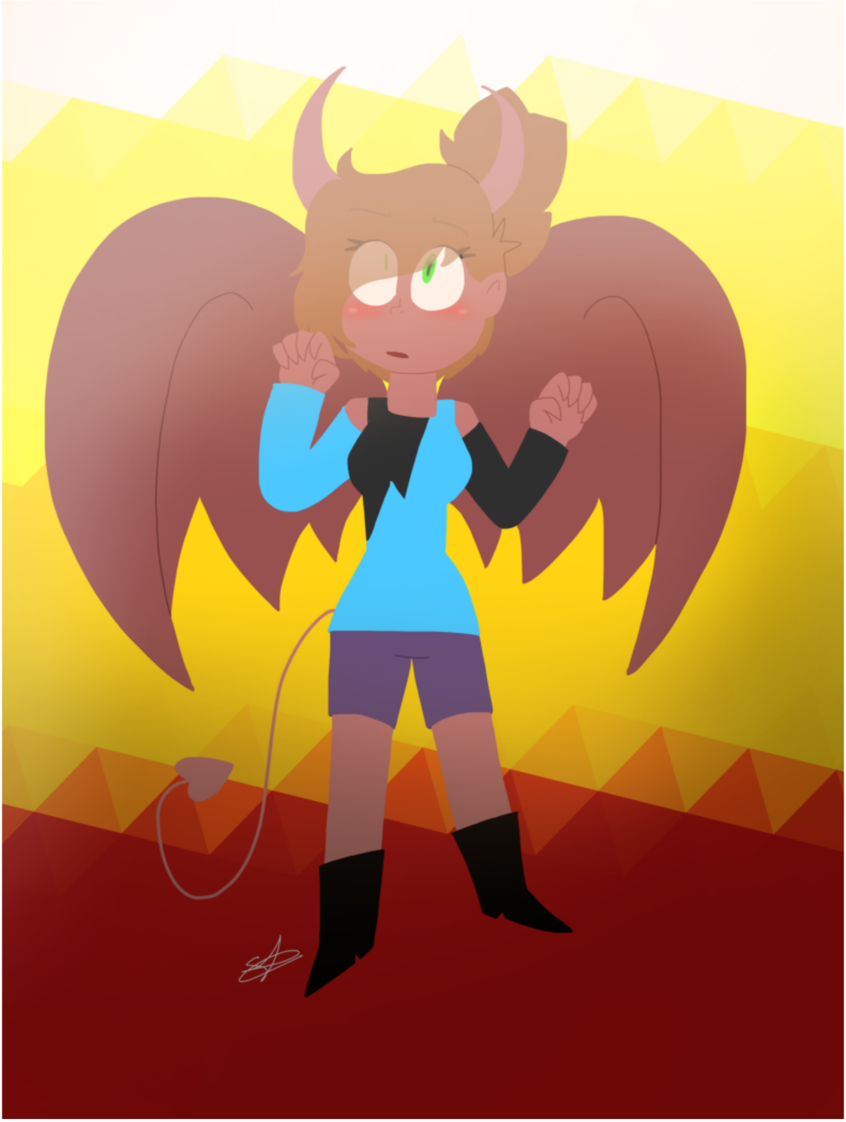
but yes sorry for making you look at my crazy obsession with yakko

and i should have another chapter in a minute sooooo yeah

lineless art

OKAY

LINELESS ART IS SUPER FLIPPING FUN



this might be my main oc for now but i'm not sure i'll have to think about it

the real animanicast + coinpin fic announcement

hi guys

bfb 15 screenshot redraw + other screenshots

okay this scene WAS FUCKING ADORABLE

a lot of people are redrawing the firey and leafy scenes and
i know why that was FUCKING EPIC IM GLAD THEY TALKED

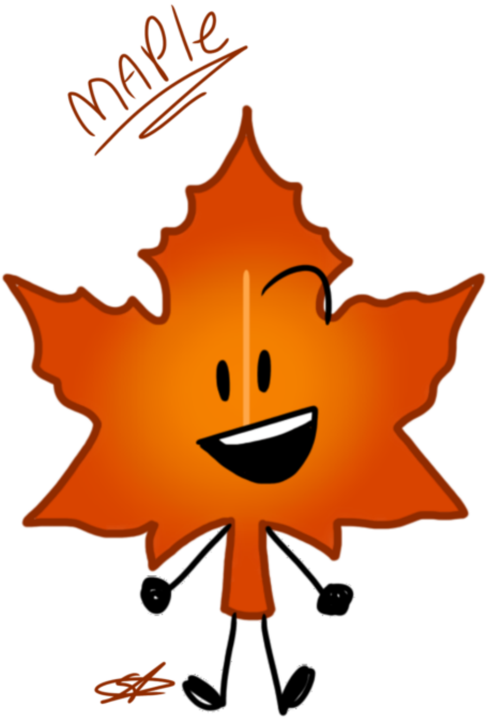
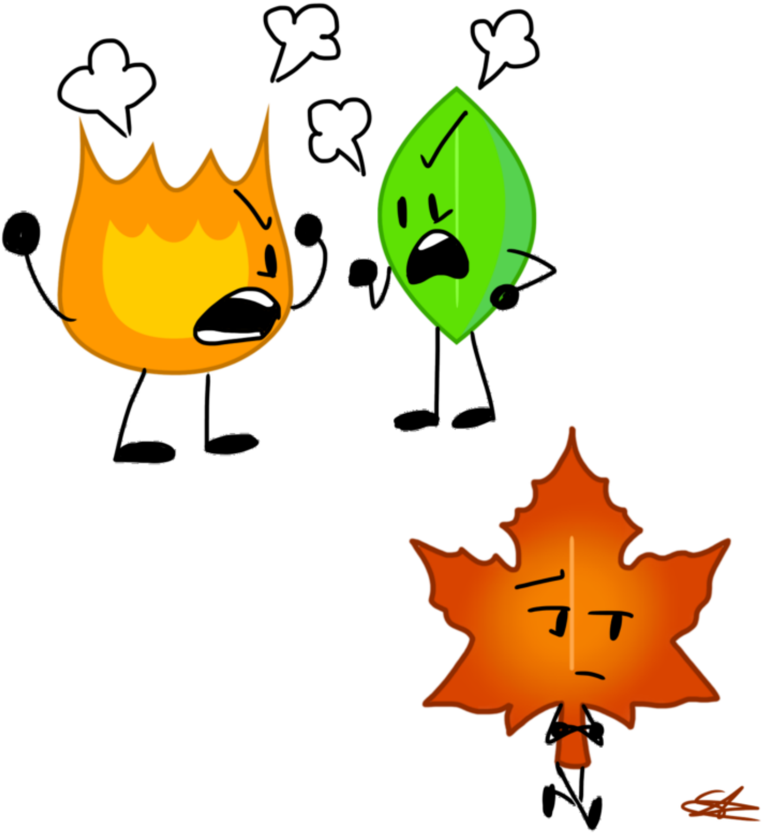
FIREAFY FANCHILDLLDLDLD

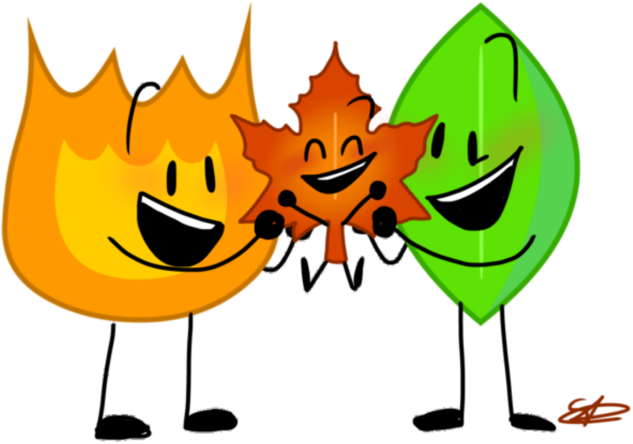
hi yes i finally made a fireafy fan child



her name is maple and she is firey and leafy's daughter
she is a maple leaf :>
in the first picture she is maybe around 8 or 9



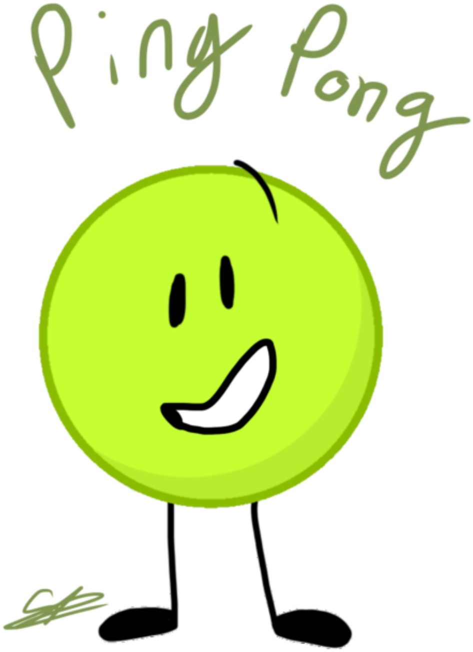
unfortunately her parents fight every so often
not every family's perfect :/
she knows her parents are bound to divorce one day 😔



but even with those upsetting days there are the good ones!
in this picture maple is about 3 or 4 and she is hella pure and leafy and firey adore her!
not saying they don't adore her now bc why wouldn't they lol

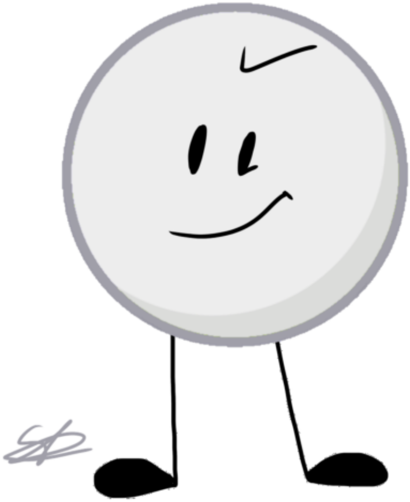
tengolf twins

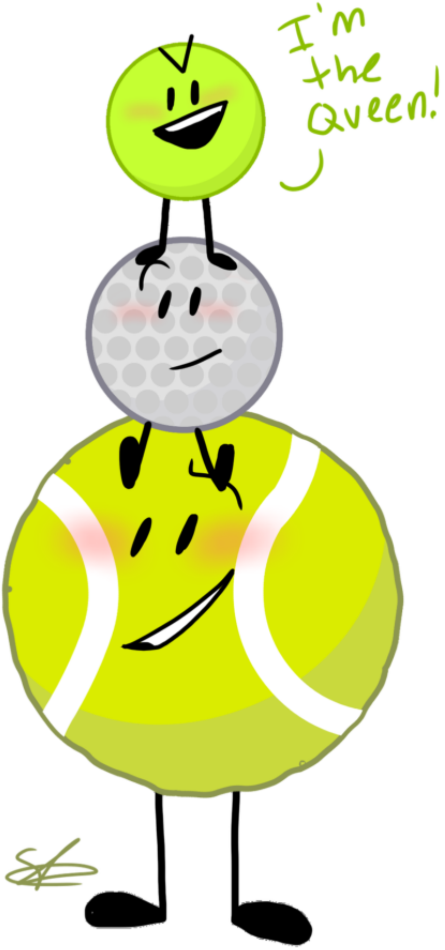
okay okay i just wanna point out that when i make ping pong i legit didn't know how to make her look different from how sarskii made their tengolf child named neon pong
i am sorry please don't get mad-



Ping Pong

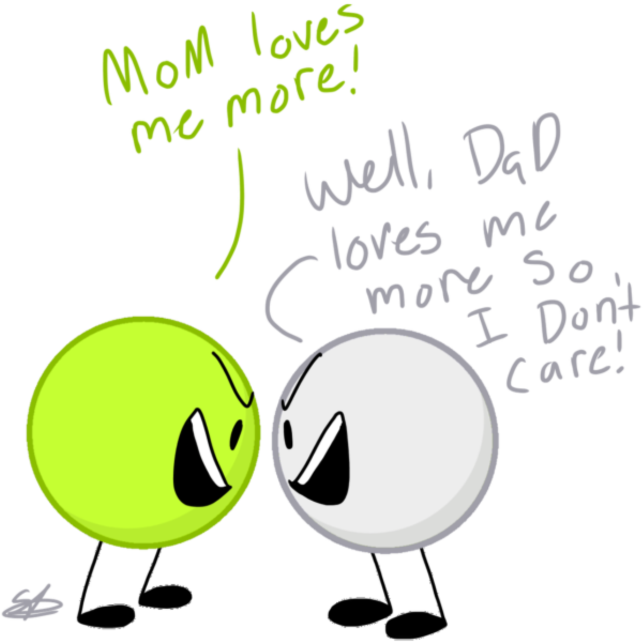
Table Tennis Ball
(TT)





I'm the Queen!

the image above is an image i made before i thought of TT so that's why she isn't there



MoM loves me more!
Well, DaD loves me more so, I Don't care!

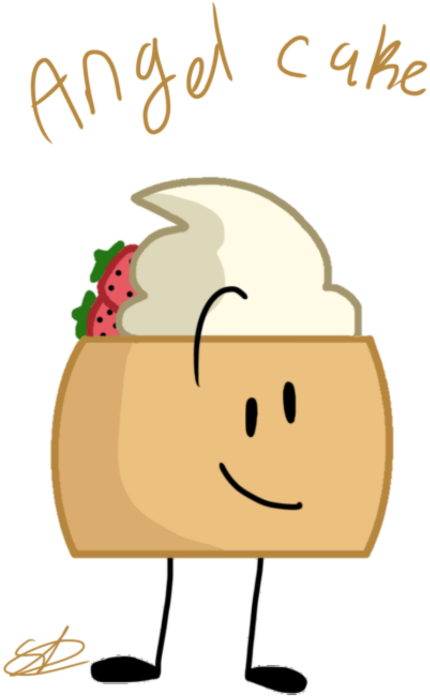
ping pong and TT are twin sisters 👏

fun fact: both their names abbreviated are dirty: PP and TT (peepee and titty) this was not intended

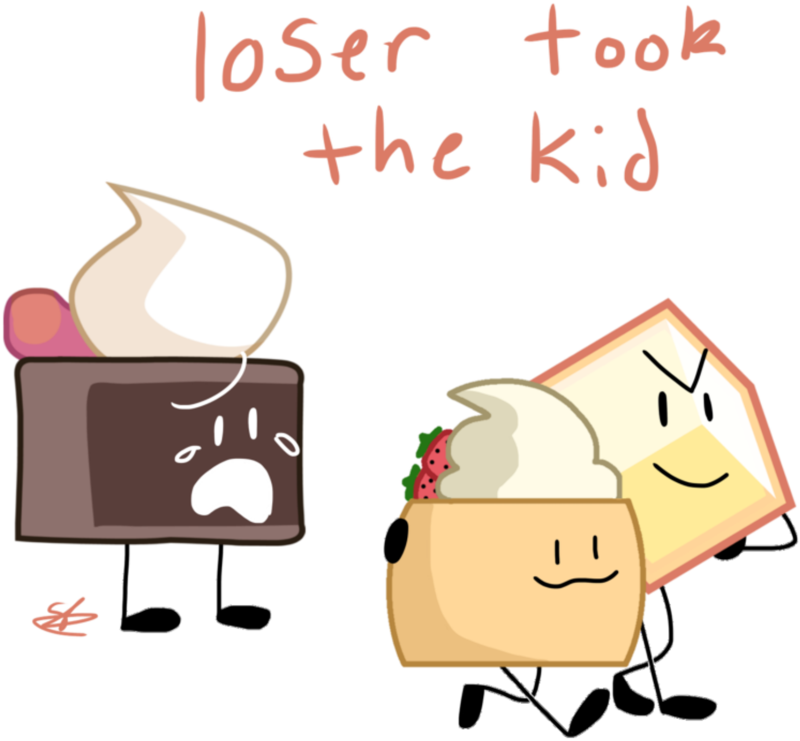
losercake child

i am making lots of children
even the gay ones get biological children bc it's a cartoon where anything can happen

here is angel cake



she's a girl



loser took the kid

the image above is a joke btw loser would NEVER-

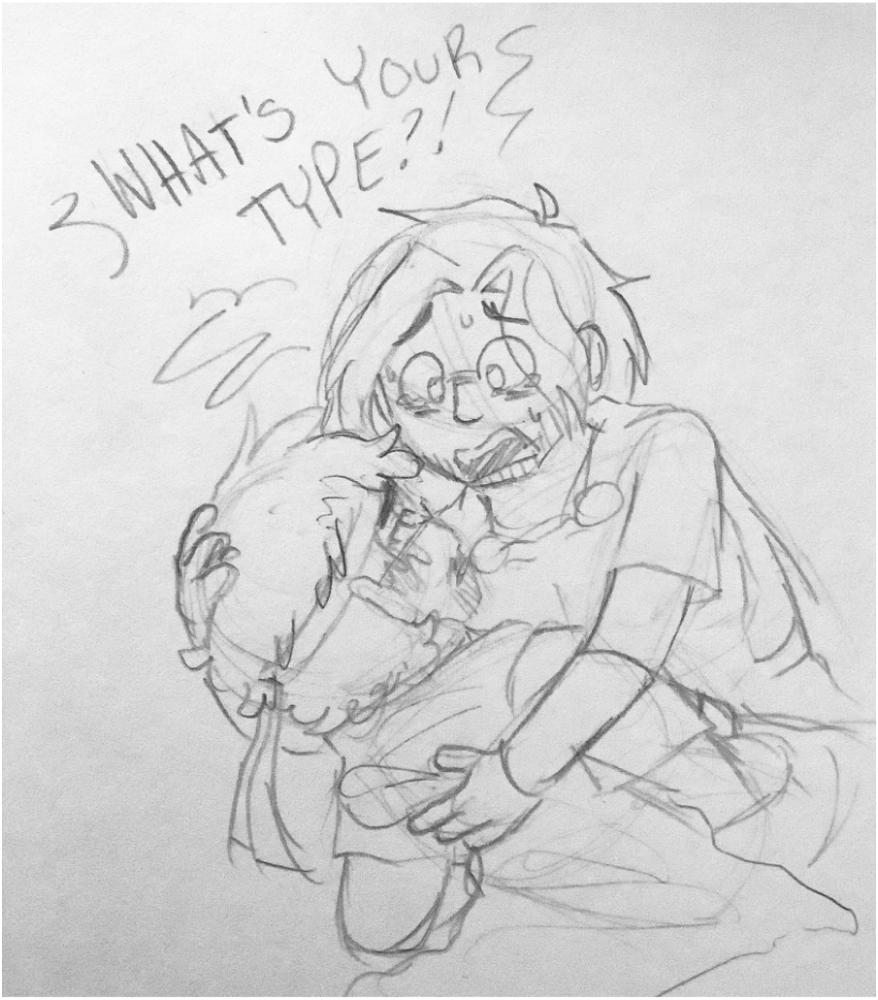
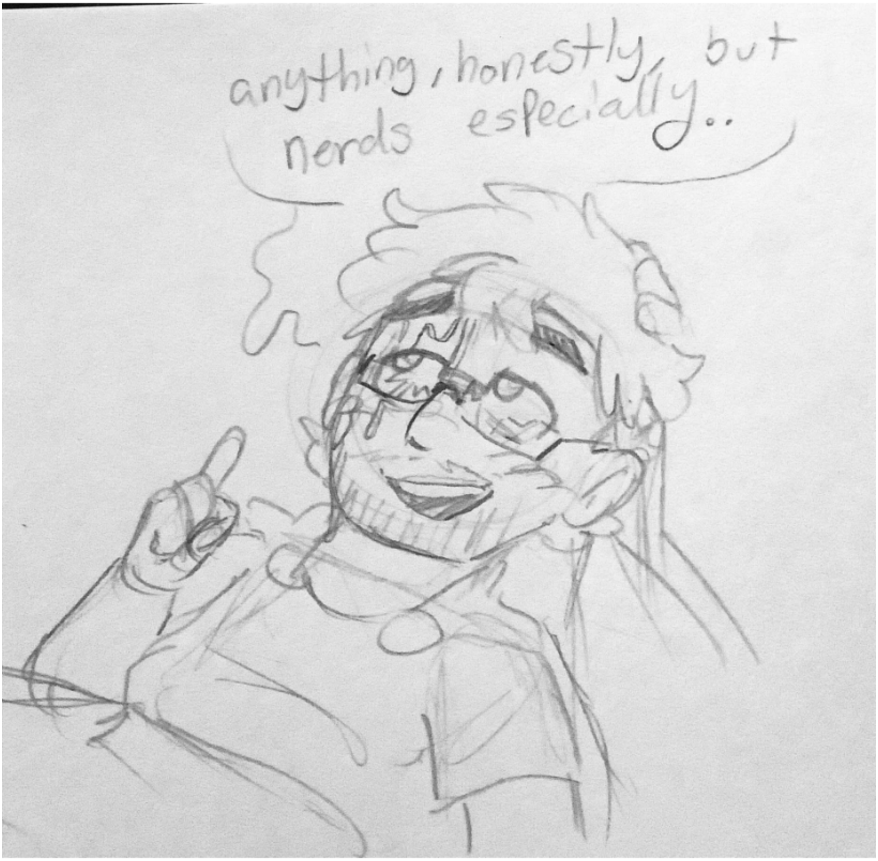
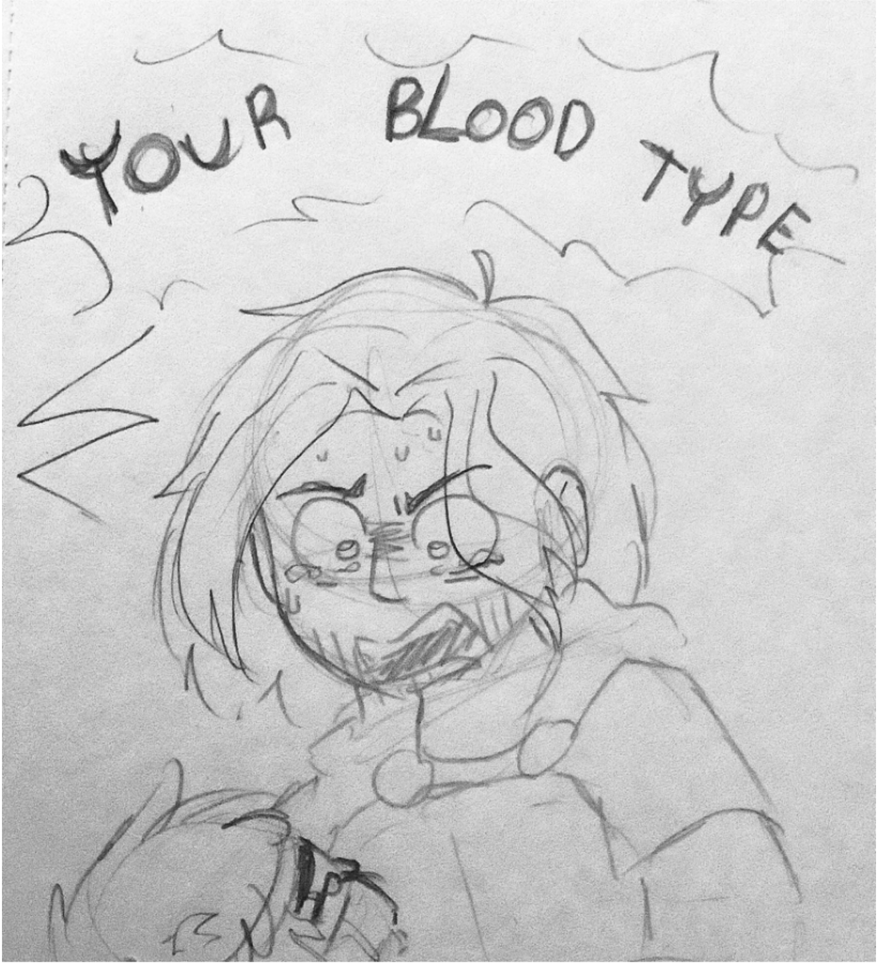
whats ur type



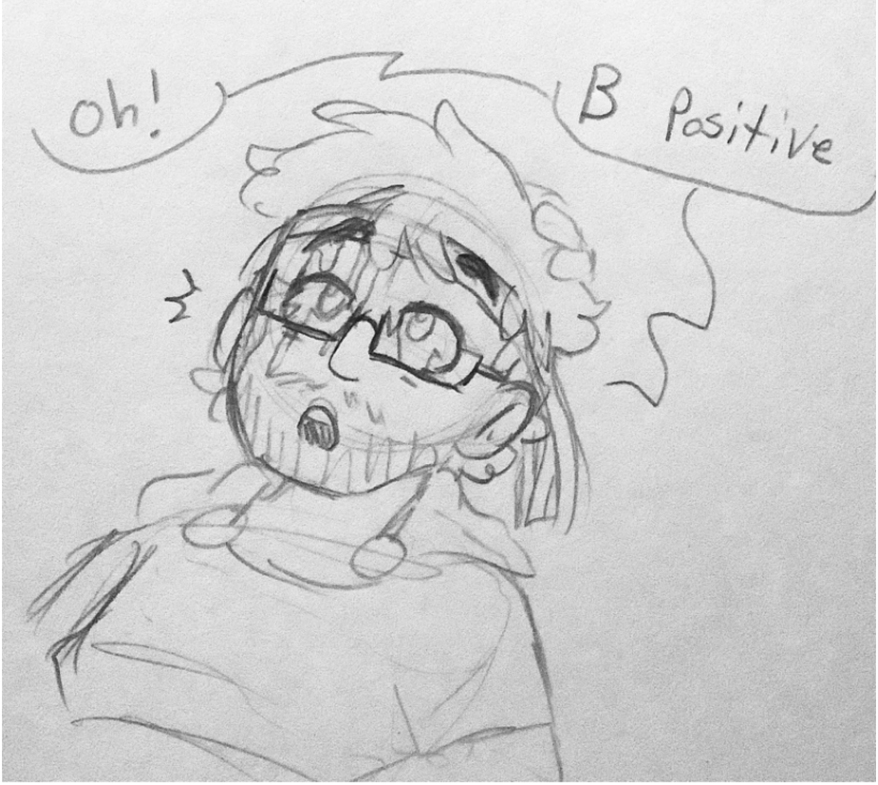
WHAT'S YOUR TYPE?!



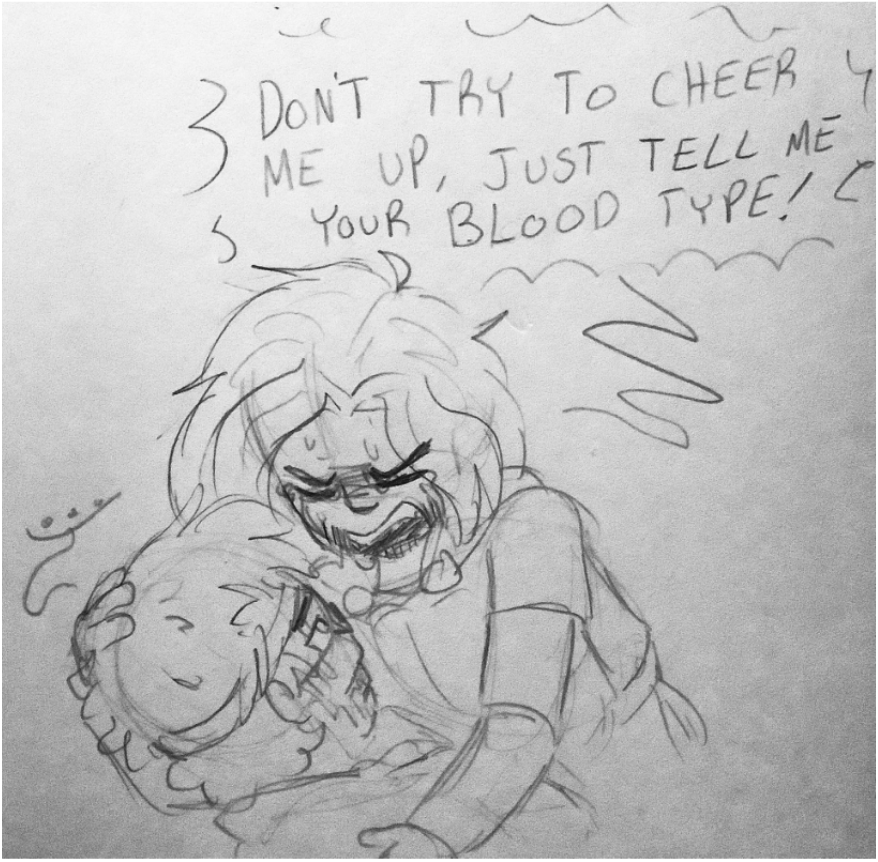
anything, honestly, but nerds especially..



YOUR BLOOD TYPE

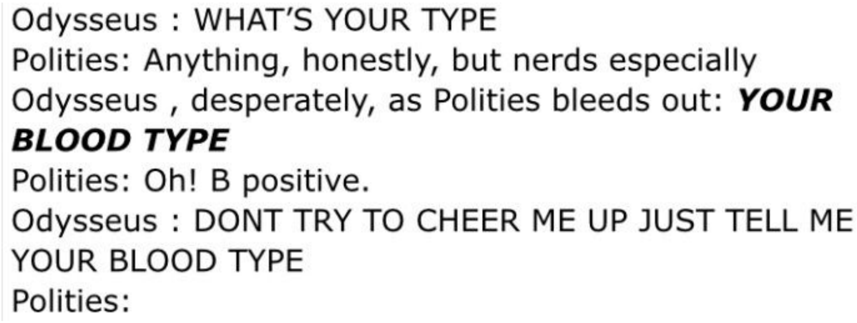


Oh!
B Positive



DON'T TRY TO CHEER ME UP, JUST TELL ME YOUR BLOOD TYPE!

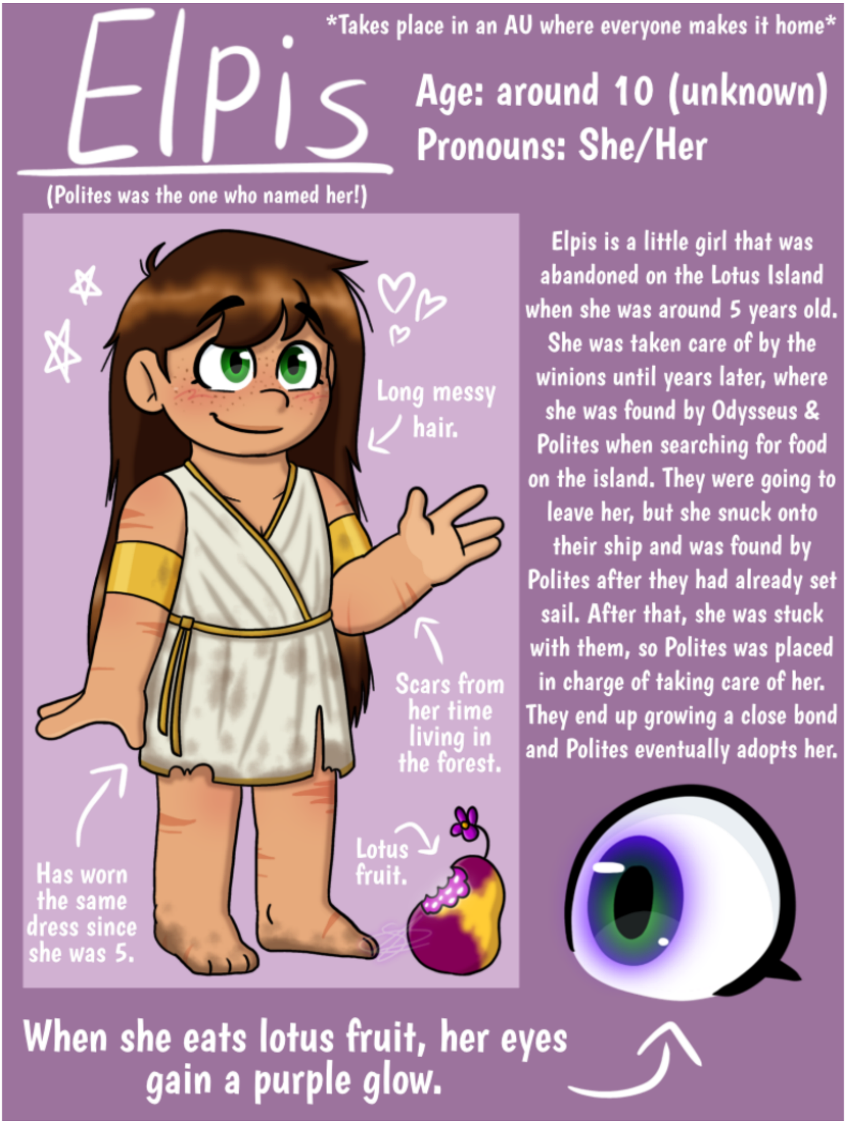
based off this incorrect quote thing i found



Odysseus : WHAT'S YOUR TYPE
Polities: Anything, honestly, but nerds especially
Odysseus , desperately, as Polities bleeds out: ***YOUR BLOOD TYPE***
Polities: Oh! B positive.
Odysseus : DONT TRY TO CHEER ME UP JUST TELL ME YOUR BLOOD TYPE
Polities:

Epic the musical oc

time for a small art dump of my fav epic oc!
first of all, here's her ref!



Elpis

Takes place in an AU where everyone makes it home

Age: around 10 (unknown)

Pronouns: She/Her

(Polites was the one who named her!)

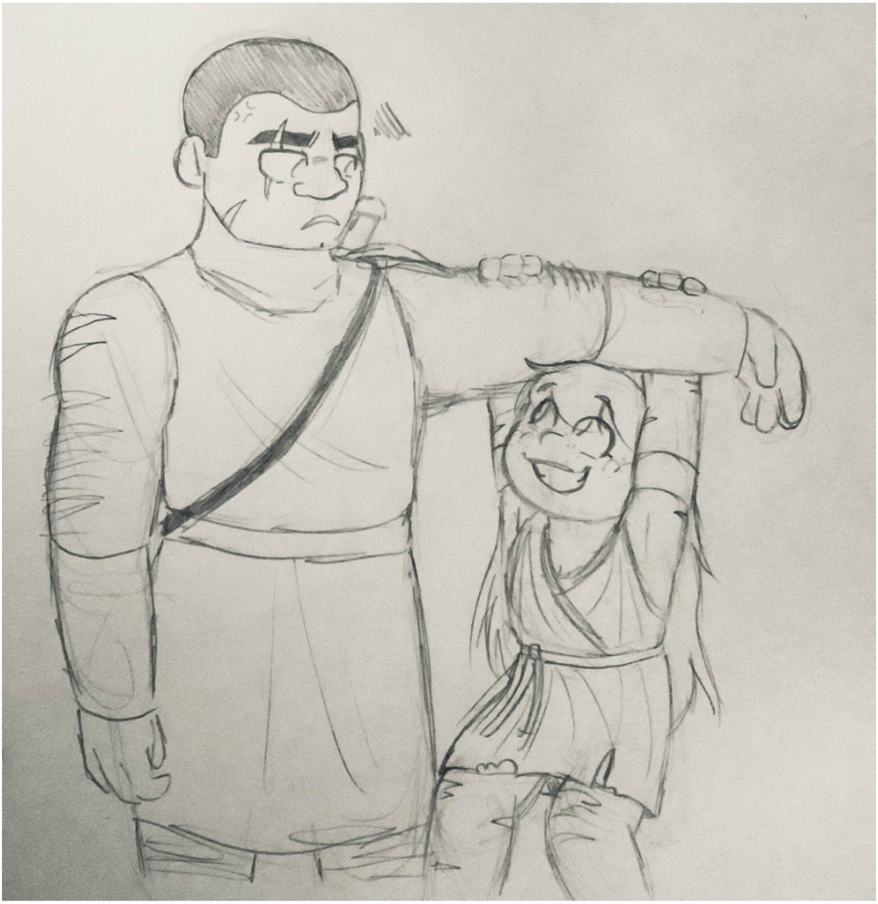
Elpis is a little girl that was abandoned on the Lotus Island when she was around 5 years old. She was taken care of by the winions until years later, where she was found by Odysseus & Polites when searching for food on the island. They were going to leave her, but she snuck onto their ship and was found by Polites after they had already set sail. After that, she was stuck with them, so Polites was placed in charge of taking care of her. They end up growing a close bond and Polites eventually adopts her.

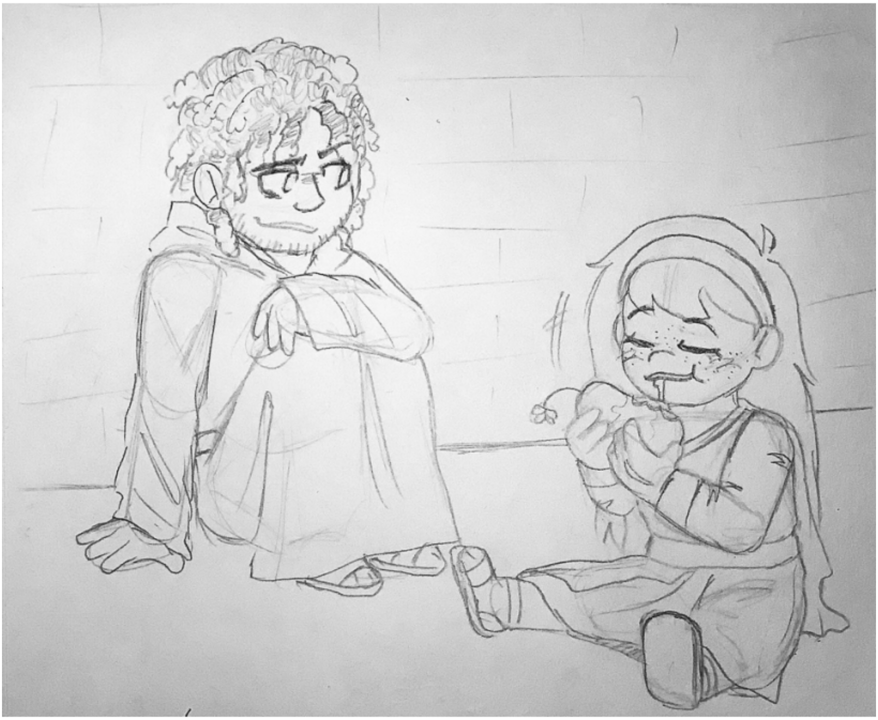
When she eats lotus fruit, her eyes gain a purple glow.

Long messy hair.
Scars from her time living in the forest.
Has worn the same dress since she was 5.
Lotus fruit.

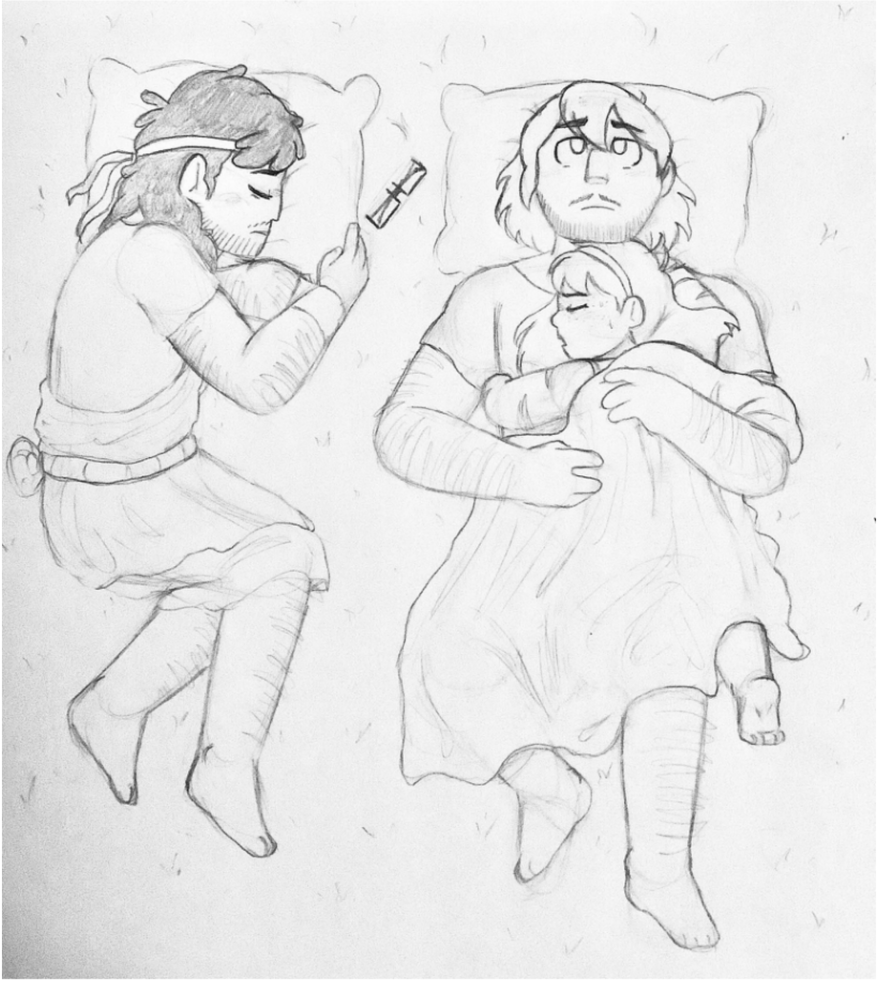
yes... she is a canon divergence oc.... i need polites alive....

anyways, here's some other drawings and doodles! mostly based off roleplay stuff





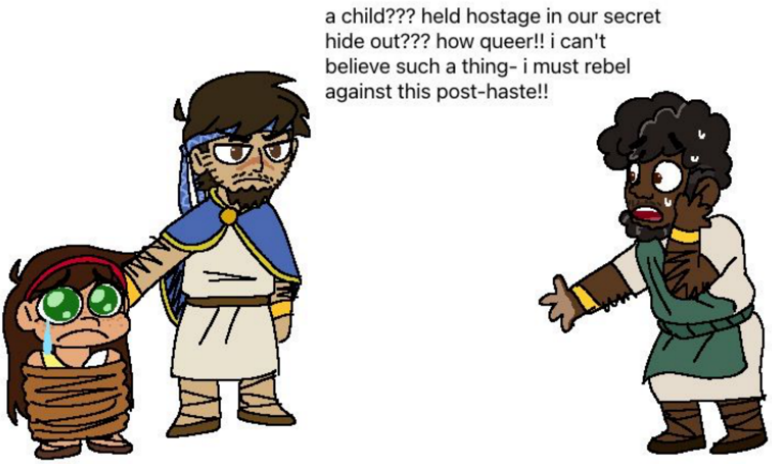
(the other guy is a different oc... don't worry about them)



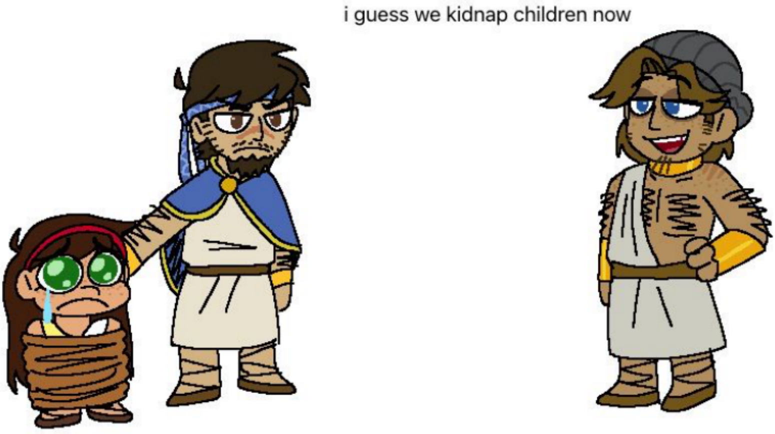
there we are! I love my daughter so much <3

other guys

these guys are also epic the musical ocs, but they formed from a roleplay and aren't really connected to epic's story... like at all. they are characters that were on ithaca and exist to be antagonists or whatever for the roleplay



a child??? held hostage in our secret hide out??? how queer!! i can't believe such a thing- i must rebel against this post-haste!!



i guess we kidnap children now

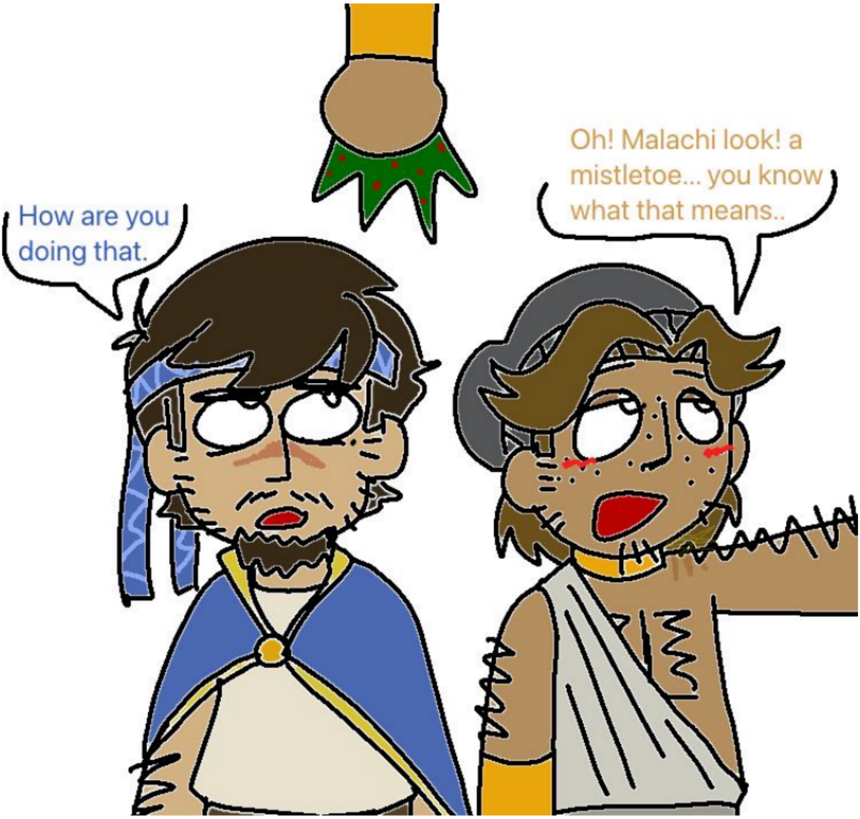
this is a lil meme doodle i made that's based off the storyline that brought them into the roleplay! they were not supposed to be actual ocs but i ended up getting attached to them so.... whoops...

their names are
Malachi (blue headband)
Theokles (beanie)

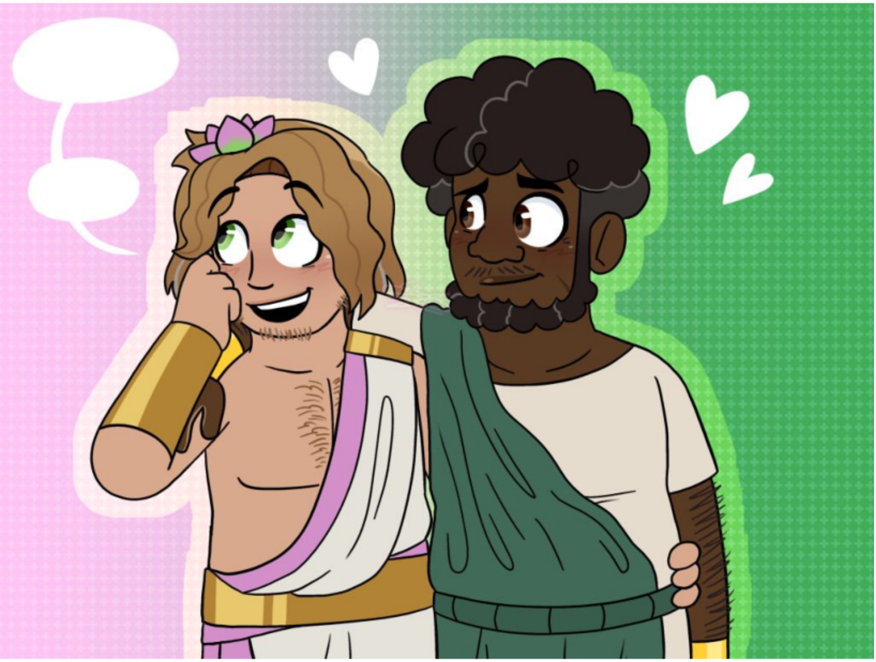
Kostas (green old guy)

here's some other drawings!

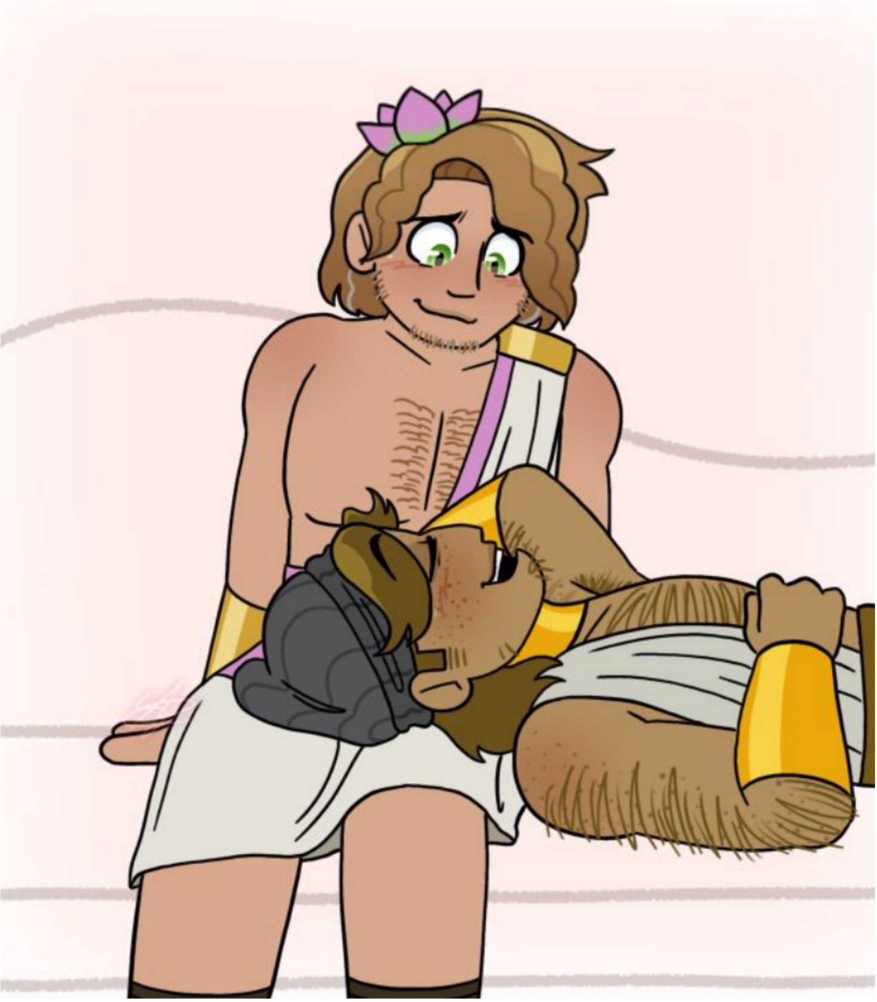
(yea they're shipped together... i love yaoi)



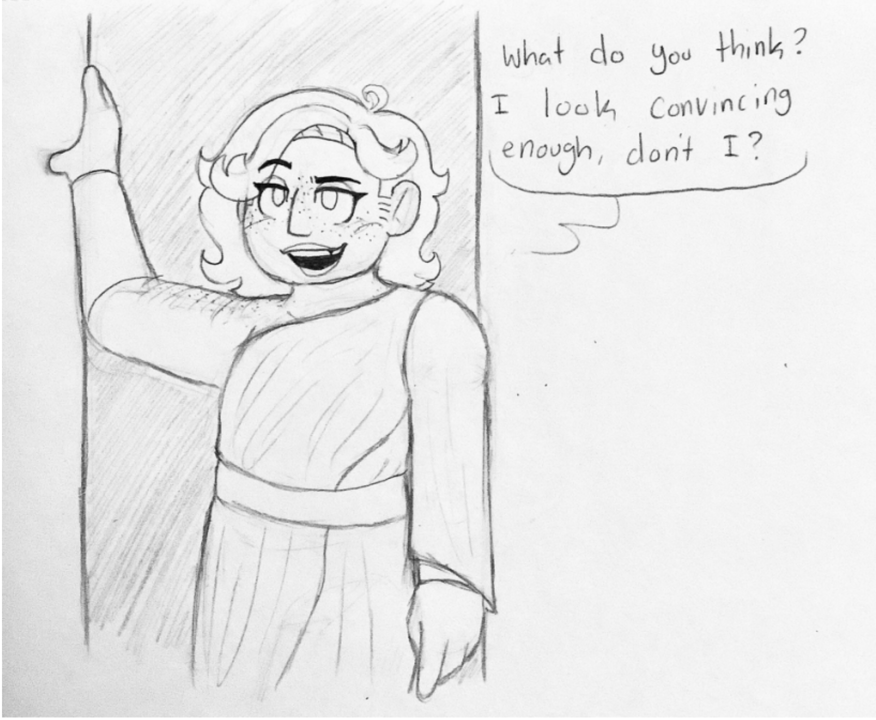
How are you doing that.
Oh! Malachi look! a mistletoe... you know what that means..



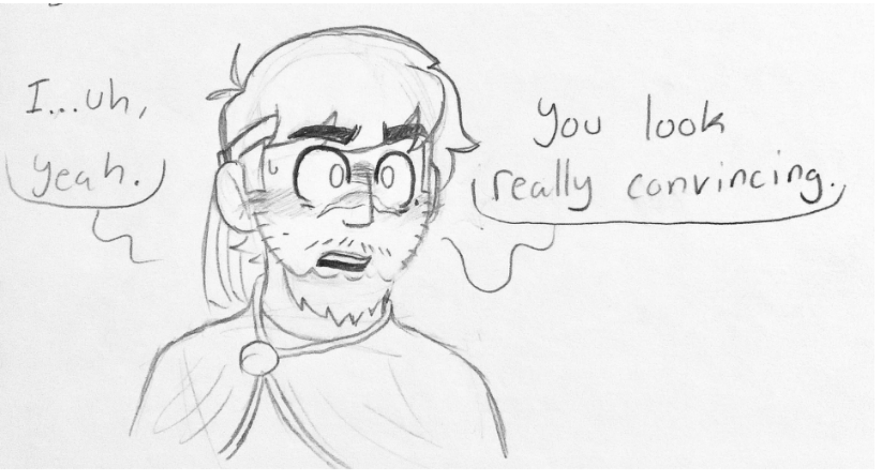
(this other pink guy is Nik! he's my friend's oc and we ship him with kostas :])



(we also kind of ship him with Theokles but... that's not canon)

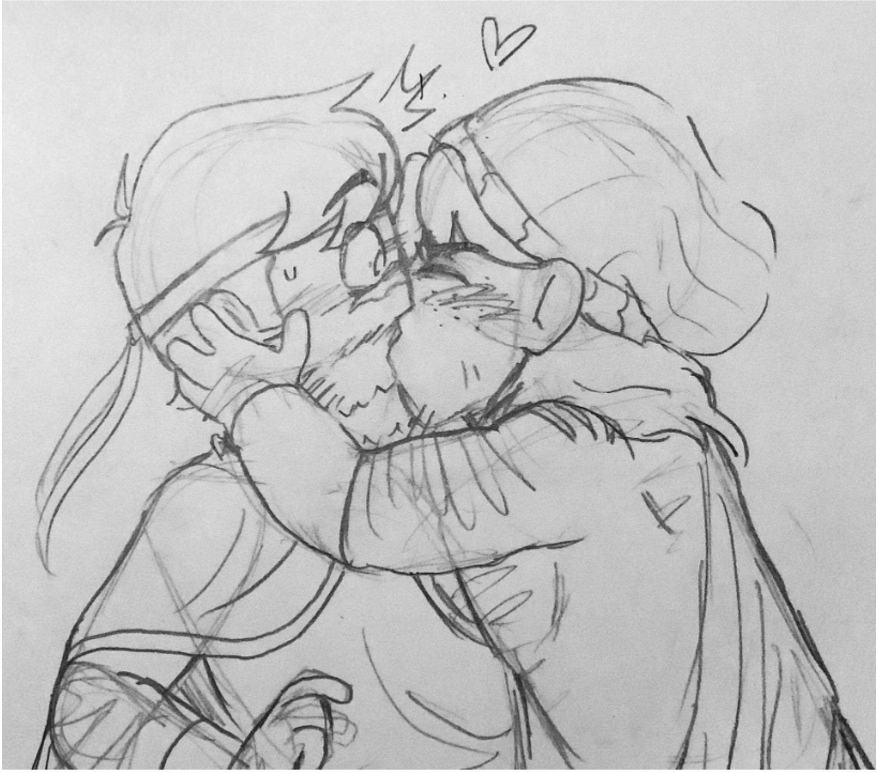


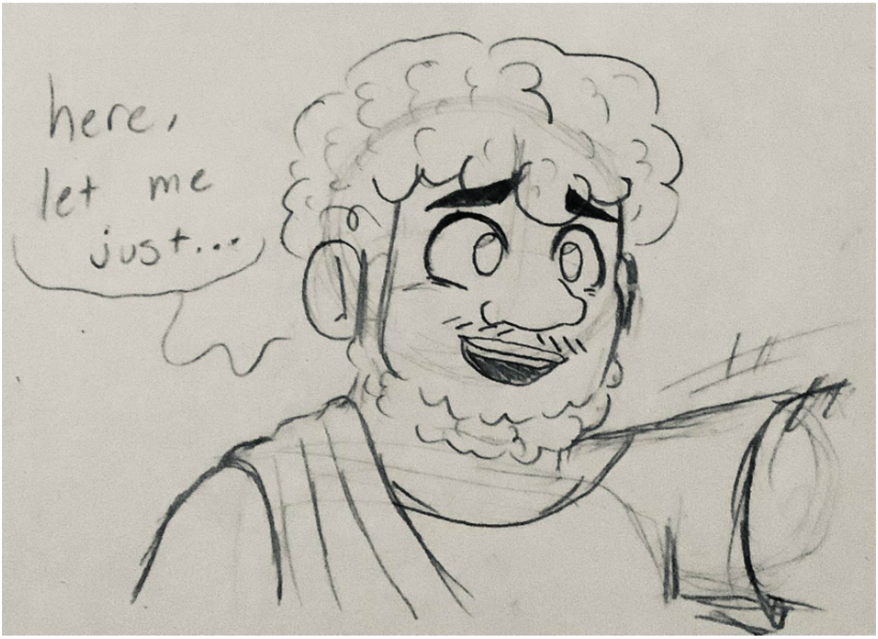
What do you think? I look convincing enough, don't I?



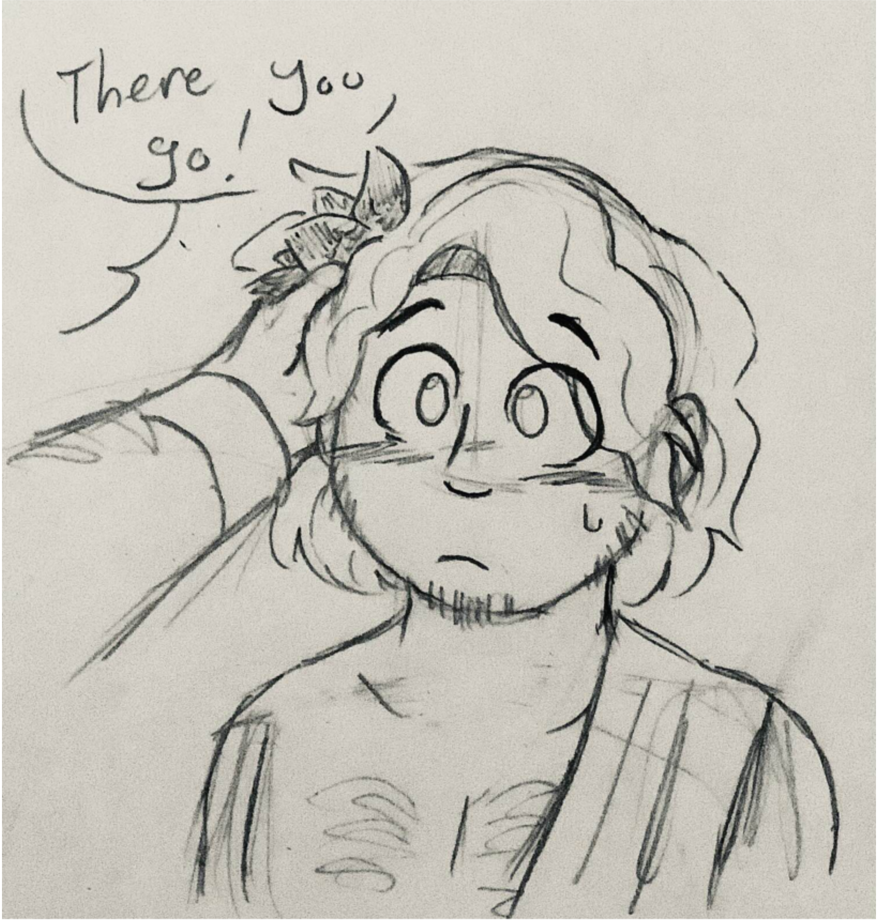
I...uh, yeah.
You look really convincing.

ð©·



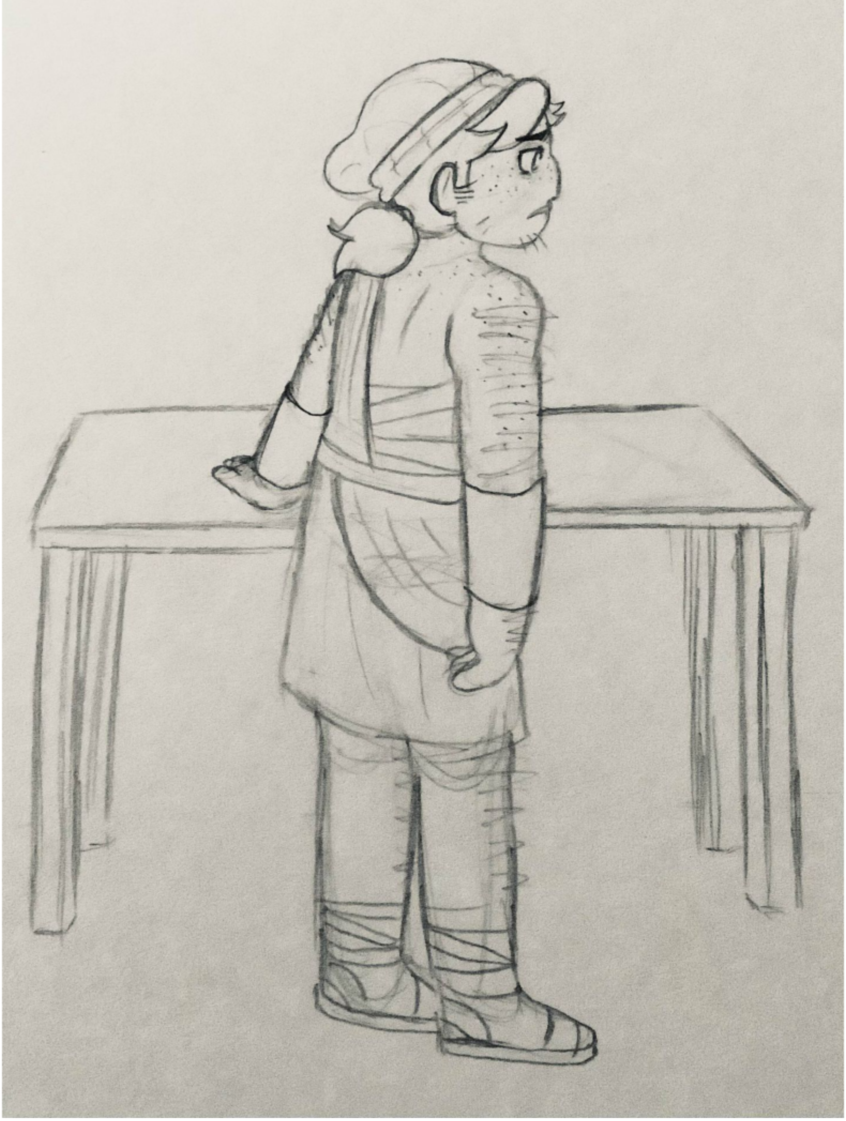


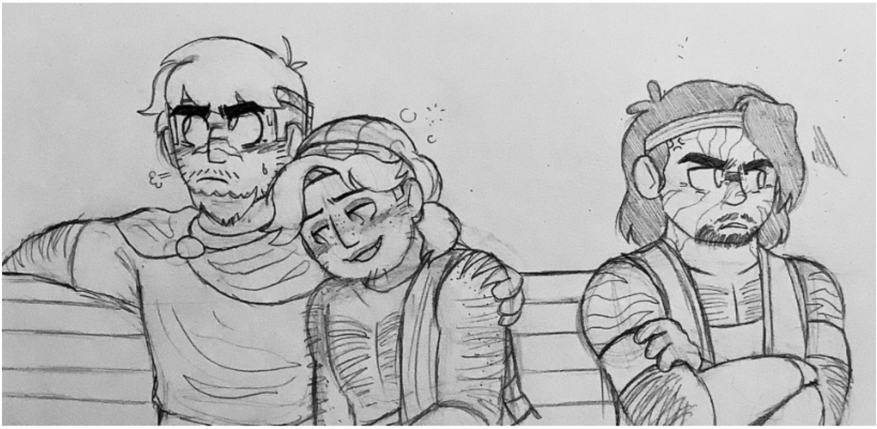
here, let me just...



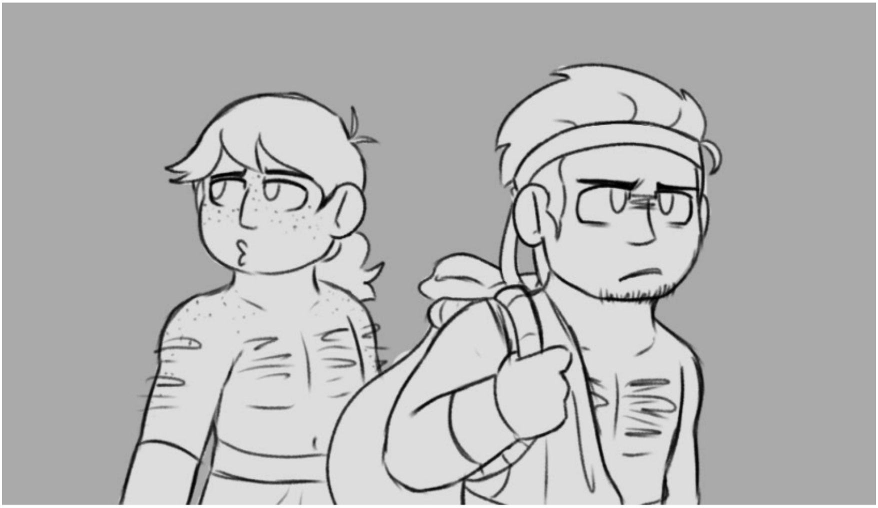
There you go!

ð©·

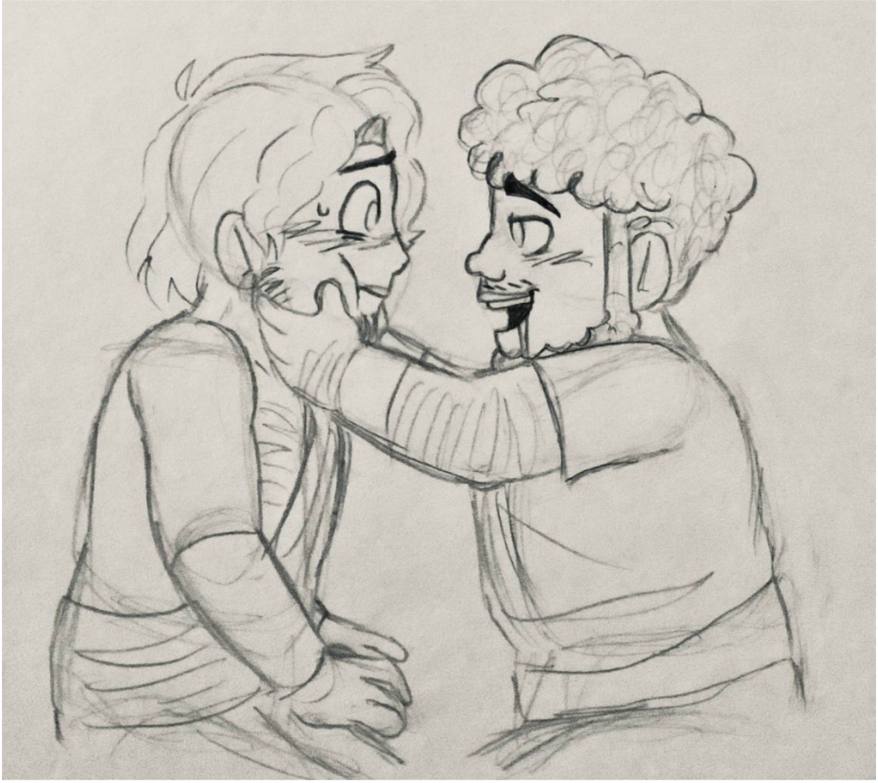




(that guy on the right is Jadus, Theokle's cousin. don't worry about him)



(theokles & jadus younger)

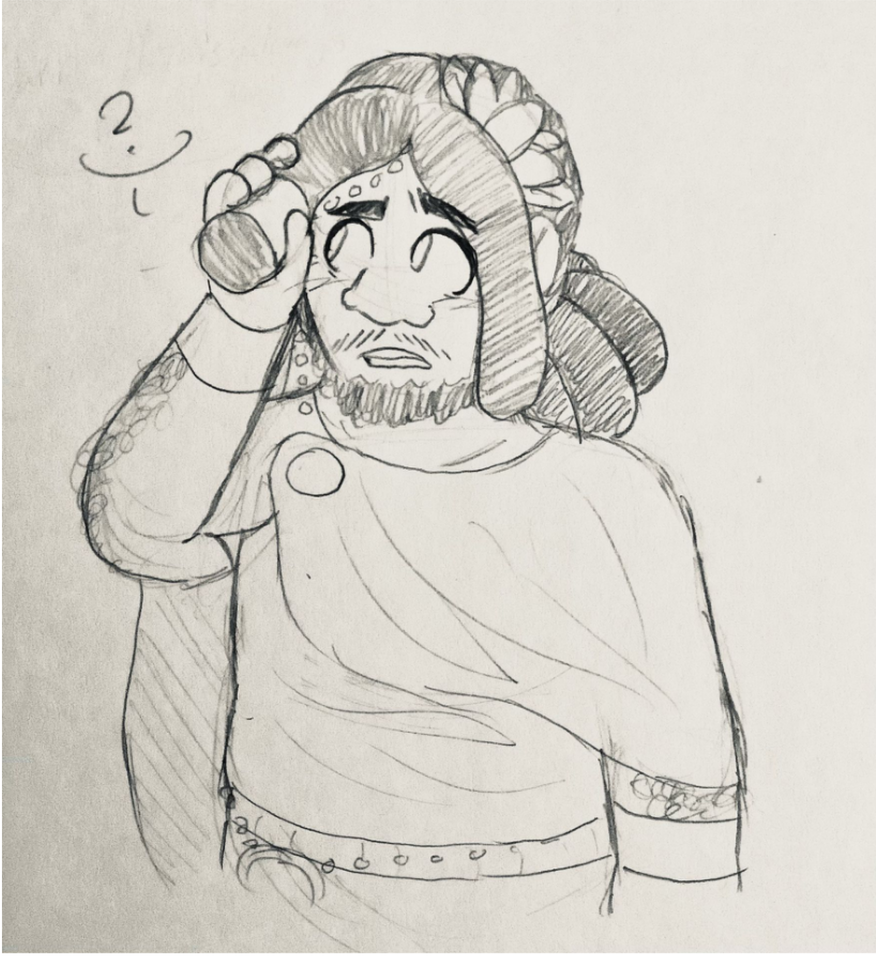


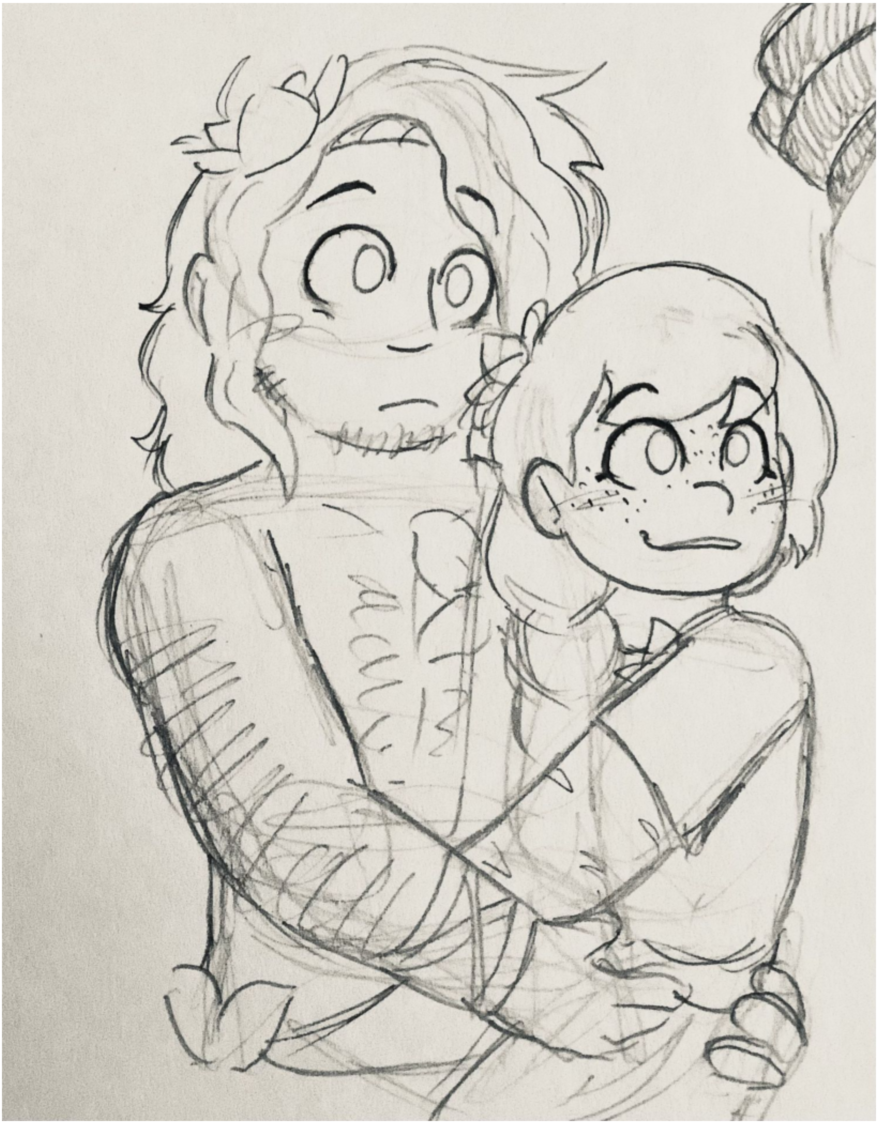
...very queer characters if you couldn't tell....

Circe au

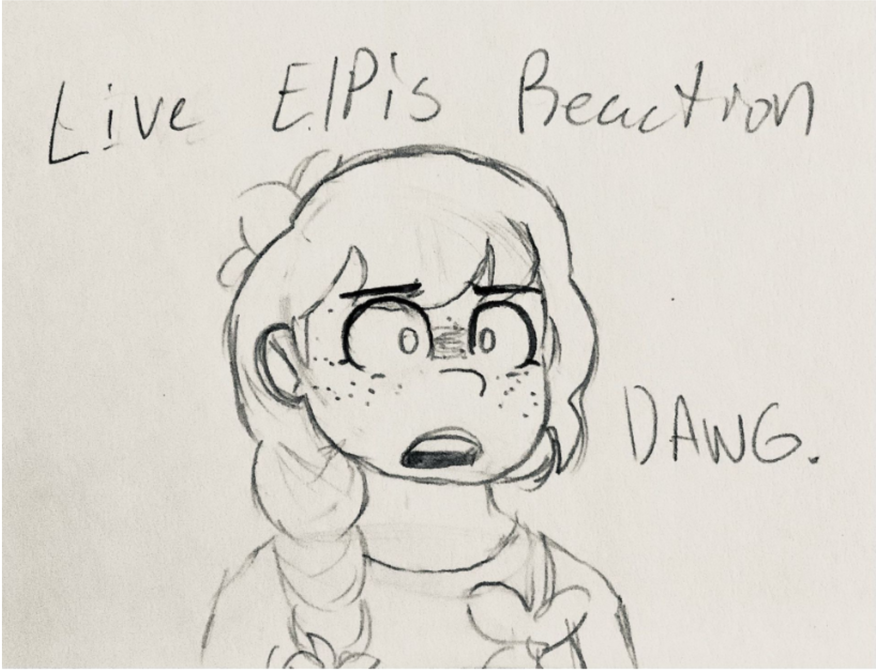
these are some doodles i made based off my friend's circe au

the au is basically just Nik & Elpis stay on circe's island and eventually Kostas comes along and stays there too. idk how to explain it all since you guys don't understand our characters .... just don't worry about it and enjoy the art





oh yeah btw Nik is basically Elpis's dad in this au cus polites does indeed die like normal

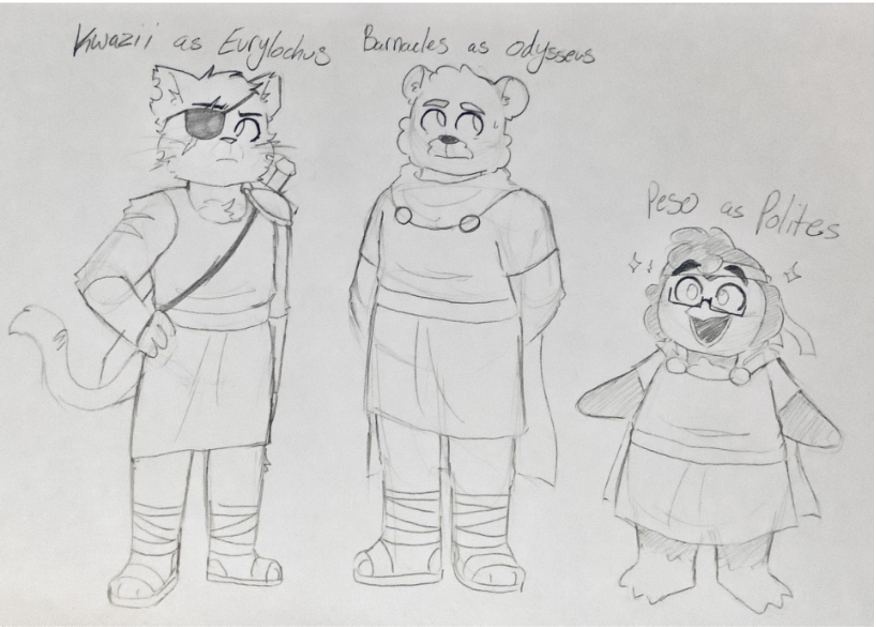


Live ElPis Reaction
DAWG.

she is NOT a fan

Epic!Octonauts au

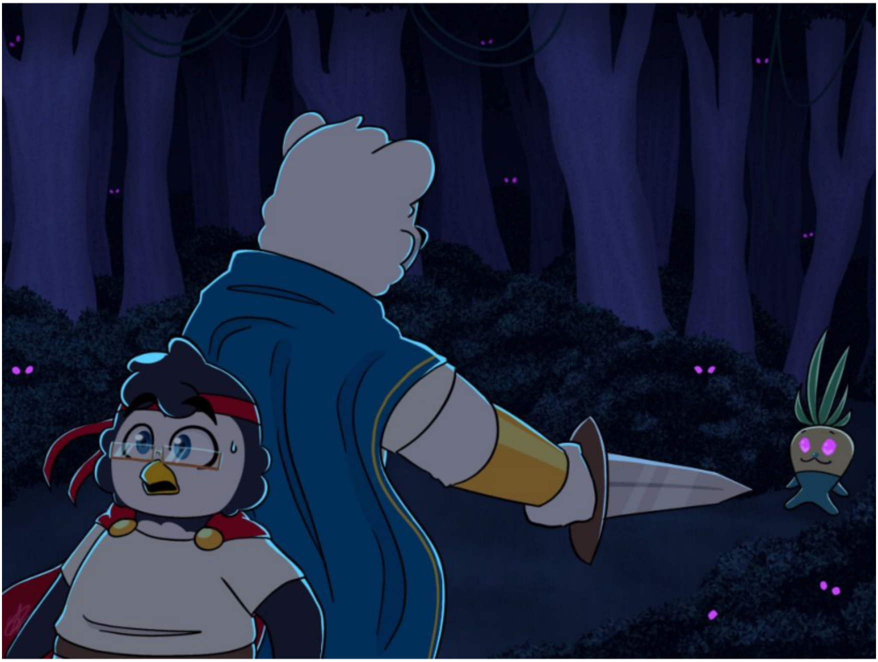
this is just epic the musical as octonauts characters!
the autism went crazy with this one

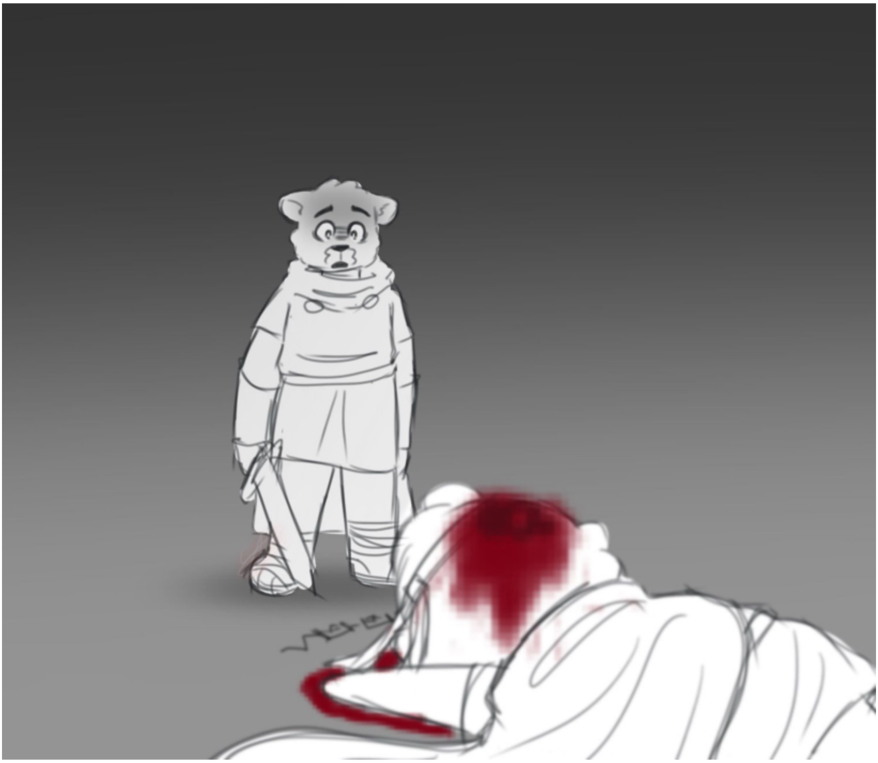


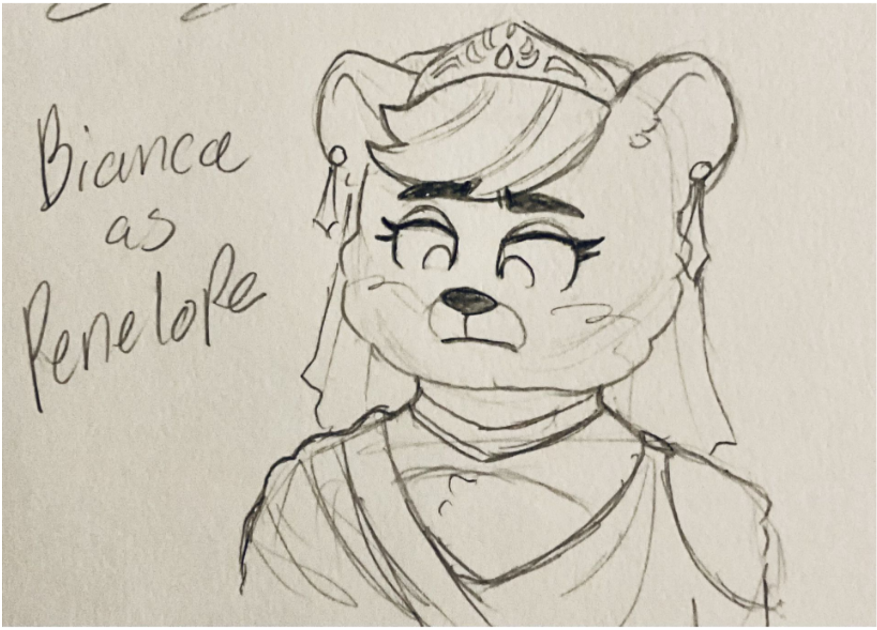
Kwazii as Eurylochus
Barnacles as odysseus
Peso as Polites

just some things to be said bc i don't feel like explaining the whole thing
Instead of going home to his wife and son, barnacles would be trying to get home to his sister and nephew! and tracker (as calypso) just wants barnacles to be his brother instead of lover lol

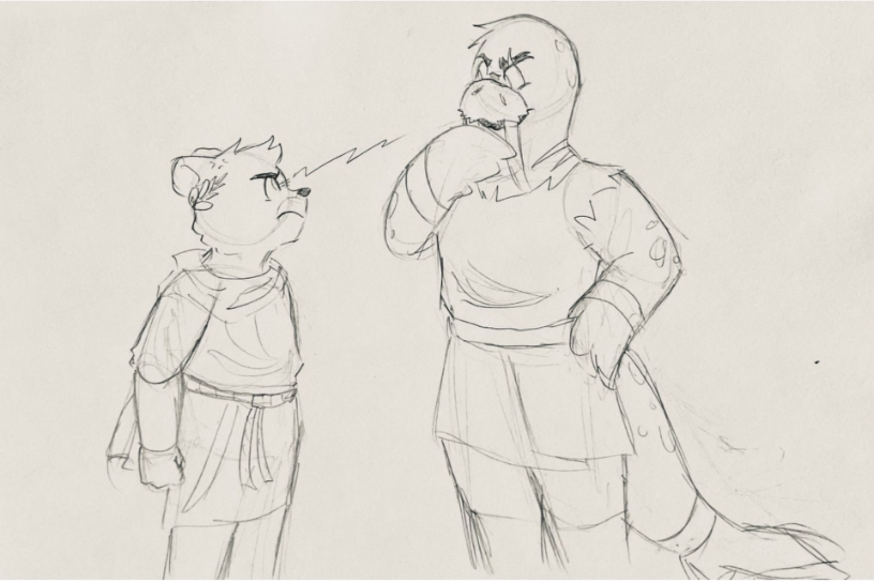
everything else is pretty much the same

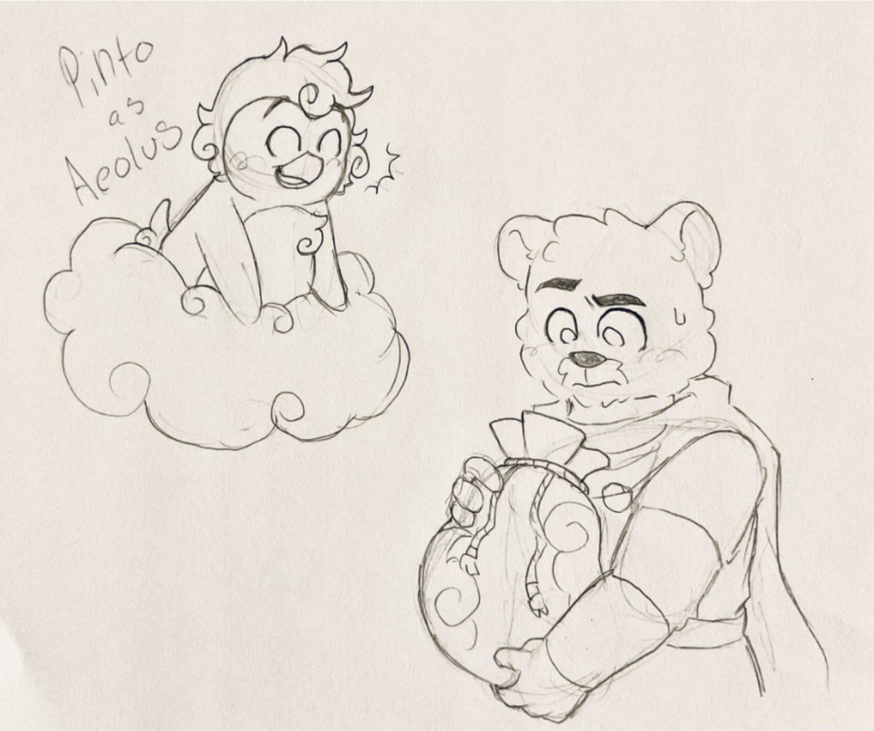




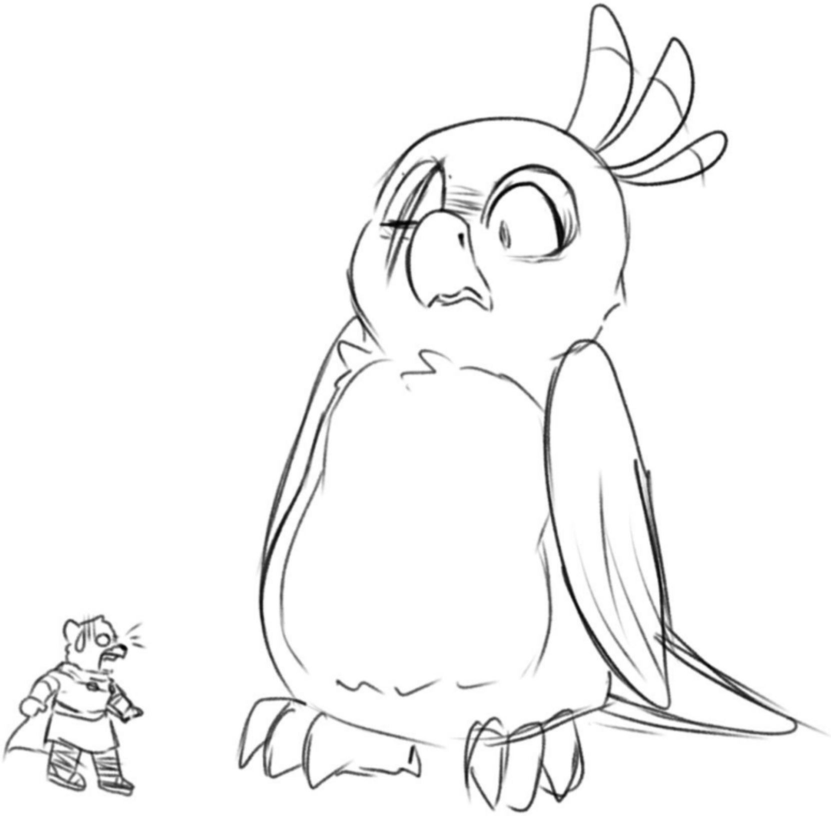


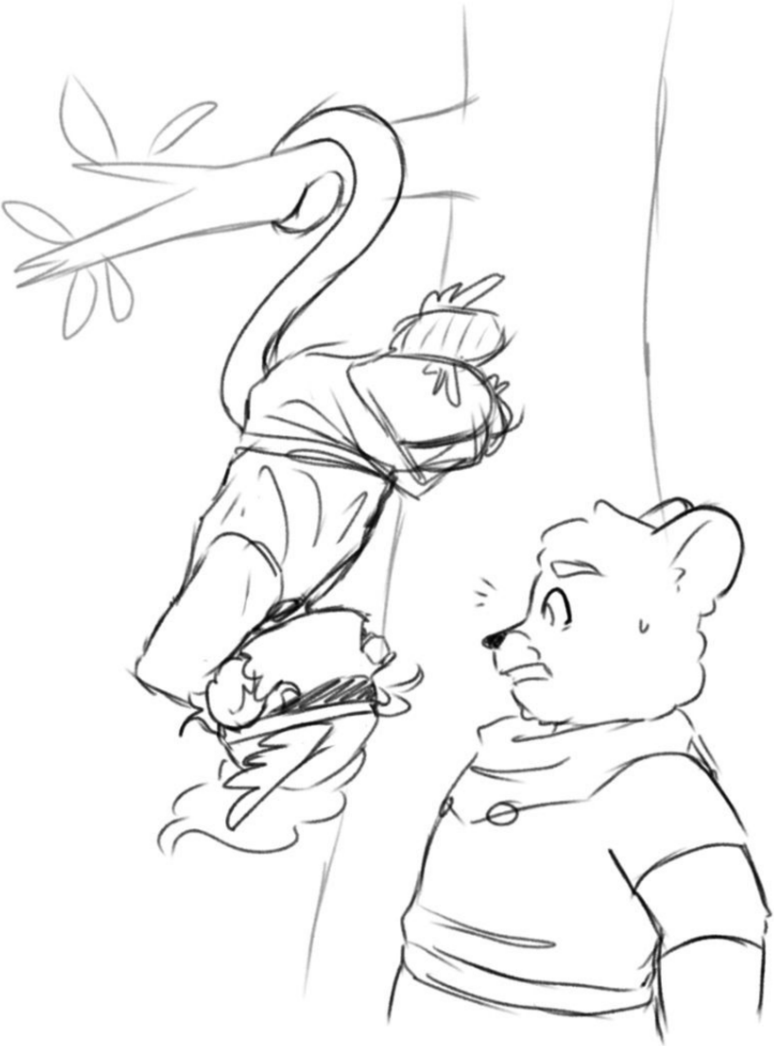
Bianca
as
Penelope



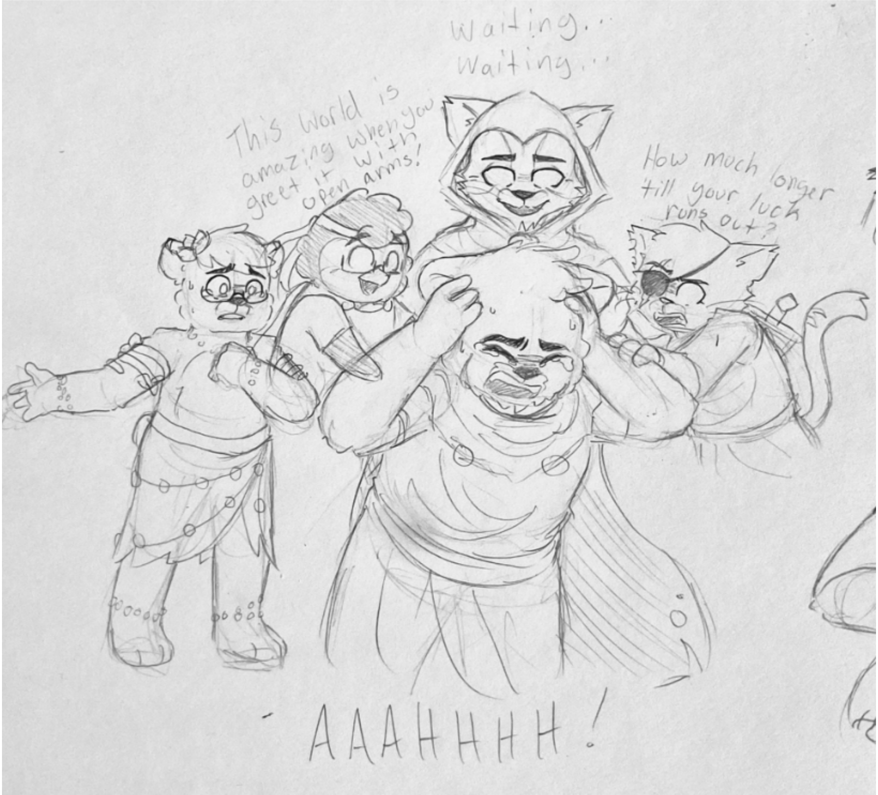


Pinto as Aeolus

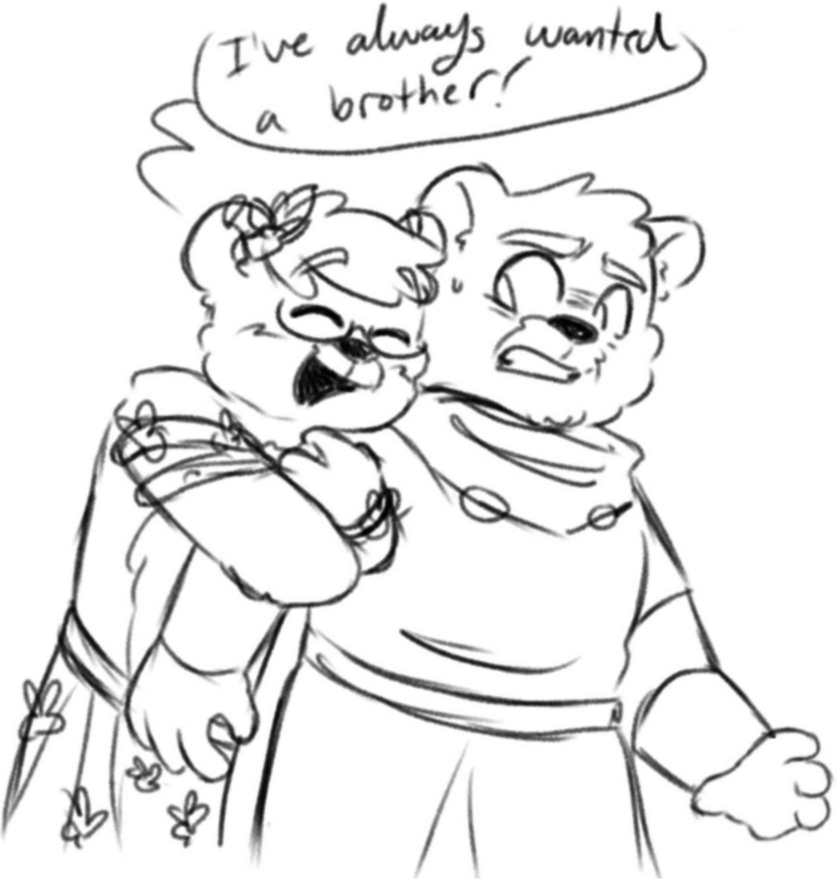




Dawling~



Waiting...
Waiting...
This world is amazing when you greet it with open arms!
How much longer till your luck runs out?
AAAHHHH!



I've always wanted a brother!
